3/8/05 Talked w/ Kim Smith about possibilities for users of McCulloch ground. She suggested calling Hans Hibbert.
attempted to call Hibbert - no answer

3/26/05 Contacted Hans Hibbert - Hibbert never owned or farmed this ground.

3/28/05 - 1988-1998 - Clay Smith ran property. He used the north well for the property in NE¹/₄ and NW¹/₄ but did not use POD #2. Suggested I call Glen Nelson.

8/2/05 - I visited with Glen Nelson. Nelsons owned the land irrigated by well #2. They farmed it through the late 1970's and sold the land to Lois McCulloch in 1979 or 1980. Mr Nelson indicated that ^{he} always used the well and could run 5 lines of pipe until gully. When water level dropped they cut back to 3 lines. They raised hay and grain and for 2 years raised seed potatoes. They were the last ones to farm the ground. So well was last used around 1980.
