RE: Robert B. Archie Objections to Water Rights Nos. 75-14132, 75-14338, 74-14339

Dear Ray:

Pursuant to our telephone conversation, we are enclosing copies of a number of maps that may help you with this matter. First is a photocopy of a deed plotter map we prepared from a number of deeds. It shows the location of the Johnson property with respect to the Hatch and Yadon property and the five lots that were part of the Becker Subdivision. Mr. Archie owns Lot #5 which he claims is irrigated from the ditch from Hughes Creek. Unfortunately I do not have a copy of a map of the entire subdivision, but I am enclosing a copy that shows the descriptions for Lots Nos. 4 & 5 so we hope that will be helpful. Finally, we have enclosed copies of the 1986 adjudication photo and the 2004 NAIP aerial photo which Rob Harris of our office prepared for us which shows the location of the shape files for the places of use for some of the water rights and which makes it appear that there have been no water rights recommended for Lots 4, 5, and maybe 3 or a portion of Lot 3. Hopefully this will be enough to get us started. We will look forward to hearing from you as soon as it is convenient.

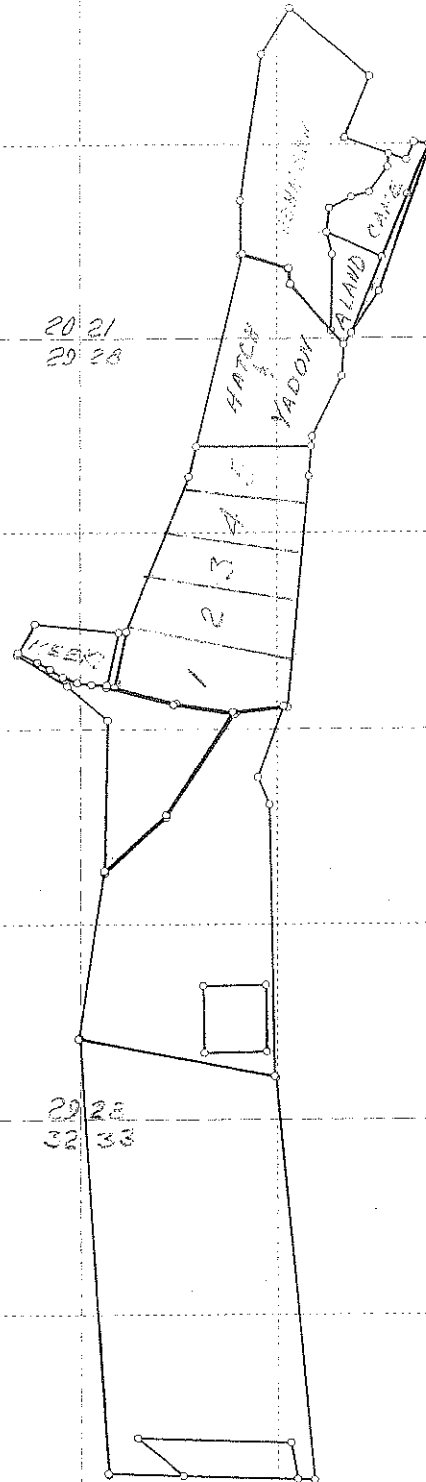

Yours very truly,

Kent W. Foster
