Richard & Edna Britton and 1 child

deposes and says:

In reference to the use of water
at the lower embankment drain located
at T04N, R04W, S35 for use on NESW

We moved onto this property in 1942.
A pump was already in the drain ditch pumping water
north of the ditch. Richard installed another pump in 1949.
We raised alfalfa, corn, beets, potatoes and "Dorset" strawberries
to sell. We and our 5 children moved into the "Sister Harris"
house in 1957 and we also pumped water on that
property with this same pump. We moved away
in 1966. Priscilla Armenta moved onto this property
in 1977. Richard passed away in 1978

To Whom It May Concern

We farmed our land (thirty acres)
Since 1977.

We have a main line, wheel line,
and hand line.

We have raised, beets, grain and
beautiful crops of alfalfa for
our animals. The land has been good
to us. We have enjoyed the quality of
life here. We seeded our land this year
with grass seed. ^{It died} Our daughters have
horses and mules and they want to
raise grass hay.

This water has been used as far
as 1942 according to documentation
enclosed. (water)

We - I feel that it is beneficial + if
it must happen we would be willing
to pay for the water. We do not use
it waste fully. It is only right that
we respect our water and use it
wisely. Sometimes I see water runoff
and get frustrated that its taken
for granted.

We are planting our land
this fall again - we are very excited
to have it beautiful and green.

We are hoping that we will continue to
have the benefit of using the wonderful
water. We also would like to express
our grateful thanks for using the water -
and for all that you have done to make
this possible.

This letter is in reference to the
acres for Armenta's Subcase 63-4256C
(water right number)

Respectfully,

Santiago Armenta
