E. REASONS SUPPORTING OBJECTION(S):

The places of use (POU's) recommended in the Directors Report are for 62 irrigated acres in Section 22, T3N, R45E. There are no quarter-quarters in the legal description so the exact location of the POU's is unknown within Section 22. There are over 172 acres of National Forest System (NFS) land in Section 22. The claimants are not authorized to occupy and use NFS land for this purpose. There are also two HES's within the boundary of the National Forest. The legal description of the POU's needs to be refined to clarify this information.
