Re: Snake River Basin Adjudication (SRBA)
Recommendations #35-13554 and #35-13565

Dear Diana,

Two clerical errors have been discovered by IDWR staff for two recommendations reported in the Director's Report filed April 27, 2007, for late and miscellaneous claims. Objections were not filed to the two recommendations.

The nature of the error on each of the enclosed Amended Director's Reports are noted by overstrike and underscore in the case of 35-13554 and underscore for the omission of the combined acres in 35-13565. The quantity for 35-13554 is reduced to correct the typographical error to the amount of water claimed.

I trust these corrections will be incorporated into the partial decrees barring any intervening actions before that final event for these water rights. You will see the parties have received copies of these amended recommendations.

Regards,

Donald V. Shaff, MPA
Adjudication Bureau Chief
