RE: Points of diversion for SRBA claim 67-103

Dear Claimant:

As part of our objection review process, we have been examining the points of diversion for those water rights that utilize the unique delivery system in which water is diverted from an unnamed stream (tributary to Fall Creek) and injected into the North Fork of Grays Creek where it is carried to a downstream point of re-diversion. Because of this additional review, we believe we made an error in the recommendation of the points of diversion for your SRBA claim.

Currently, the recommended points of diversion are:

T15N R01E Sec 36	NWNWSW	
Sec 35	SWNESE	(Injection)
Sec 30	NWSWNW	(Rediversion)

We believe your points of diversion should be recommended as:

T15N R01E Sec 36	NWNWSW	- no change
Sec 35	SWNESE	(Injection) - no change
Sec 30	NWSWNW	(Rediversion) - no change
Sec 26	NWNWNW	(Injection) - add point

If you agree with this change, please complete the enclosed objection form and follow the instructions for filing. **The deadline for filing an objection is August 22, 2007**, so please file the objection before that date.

For your convenience, I have enclosed a map showing what we believe to be the correct placement of points of diversion for your property. Please contact me at (208) 287-4907 if you have any questions or need any further assistance.

Respectfully submitted,

Monica P. Van Bussum
Sr. Water Resource Agent
