

Trent;

On Pioneer Ditch/Wilford canal overlap, the only land owner involved was Frank Potter of St. Anthony (phone #458-4440). When I talked to him he stated that he mainly had Wilford Shares. He owns approximately 120 acres (contiguous) and there doesn't seem to be any other ground near the overlap that is his.

I would tentatively recommend that Wilford be given the overlap acres for their claim.
