I have not seen this file as of today. I did a barcode query and the file is in Shelley Keen's in-basket. He is the one who determines if a license can be amended or not. I have printed out your e-mail and will attach to the file. Kay

Kay,

I was wondering if you have had the chance to read over the memo and material sent to you regarding Layne Harris' license 22-7397. If you have, what do you think the chances are of actually being able to amend his license to reflect the licensing field examiner's recommendation? And if there is a chance, how long do you think it will take? Thank you.

Kristin Moore

P.S. Would you also send a copy of your response to Ernie? I'm expecting to disappear any time for maternity leave, and I don't want his claim to be forgotten. Ernie is familiar with the situation.

5-4-06

I called Shelley and he said it is very unlikely that the license will be amended. He said to recommend the claim as the license is now.
