Re: Snake River Basin Adjudication (SRBA)
Recommended Water Right No. 71-22B

Dear Diana,

An error was discovered recently in an uncontested recommendation from IDWR and subsequent partial decree. The place of use was intended to correspond to the overlapping right 71-4022 that was decreed a couple of years earlier. The place of use described in 71-22B puts the tracts of land for the place of use a mile apart rather than adjacent as in 71-4022, although the total acres are correct and consistent with 71-4022 as the remark for the place of use in 71-22B indicates.

I have enclosed a corrected recommendation the Court may use to consider issuing an amended partial decree, after notice and hearing of course. To the knowledge of IDWR, the owners and their address for the property of the two water rights are those shown on the partial decree and in the Court's records.

IDWR stands ready to respond to any questions the Court may have. I extend my thanks for considering this request.

Sincerely,

Donald V. Shaff, MPA
Adjudication Bureau Chief
