Clerk of the District Court
Snake River Basin Adjudication
P. O. Box 2707
Twin Falls, Idaho 83303-2707

Please consider this letter as an official objection to the "Response of Objection" received at my address on August 20, 2007 (a copy is enclosed). Wilder Irrigation District has erroneously projected my claim on the basis of source. Section D box number 2 (Source) is checked and box number 10 the statement is made "This water should not exist." My claim to this water is based on the fact it is spring water much of it originating on my property which ultimately makes its way into the Fargo Wasteway. The Fargo Wasteway flows through the center if my farm. I am not making claim to wastewater. This spring water flows the year round and is not subject to the overflow of waste water which also utilizes the Fargo Wasteway during the irrigation season. I first made claim to this spring water in 1968-69 and have been using it ever since.

Thank you for your consideration.
