Regarding Case # 39576:
Please find enclosed verification of water use
on Adams Creek, water right # 74-10146, from
1906 to present date. This includes a letter from
Shirley Coleman, from whom we purchased this ranch.

Concerning Water Right # 74-10148, we have applied
and paid for a permit and have visited with Ernie
Carlson on this right. The permit is on file in
the Idaho Department of Water Resources. We
did this approximately a year ago.

If you need further information, please con-

To Whom This May Concern
I've been in the Coleman Farm
for about 50 yrs. and lived
instructors to them before 1957
for many years - also owned
and irrigated the ground Adams
Creek is designated to until
May of 2004. To my knowledge -
it has always been used on
the "Old Coleman Ranch"

Sincerely
Shirley R Coleman

July 15, 1907.

To whom it may concern.

I, Frank Phillips Prault,
No. 6, Leadore, Idaho, to the
best of my recollection know
that the water known as
the Adams Creek water was
used by the Coleman
ranch on or before the
year 1906.

To whom it may concern
I had the Harry Coleman
ranch leased in 1927. I used
the Adams Creek also the Milky
Creek water for irrigation on the
Coleman ranch

Dear Harry,

When I talked to your mother today she asked me to write and tell you both about the use of water in Milk (or Milky) Adams, and Shenon Creeks, as I knew it when we lived neighbor to you.

The years of my recollection are the late 1920's and the 1930's & I know that the three creeks named above head-watered in the grazing land we had. I also know that your father, Mr. Coleman, used the water from them for irrigation on his ranch. When we leased the "Gray" place, we used the waste water there. Our interest and use of the waste water sharpened our concern with the creeks providing the Coleman ranch water.

I hope this helps clarify the situation as it was then.

Sincerely,

Mr Harry Coleman Jr

Leadore, Idaho

Dear Harry,

You asked me what
I knew about past use of
the Gdams Creek water.

I wish to say that I
have been very familiar with
the use of this water since
1934, which is the year that
I bought 2080 acres of land
from Lemhi County, and which
I still own, and being as Gdams
Creek runs across this land
for over 1 mile I know that
the Harry Coleman's Ranch has
made extensive use of this
water all these years. Some time
years ago Mr Kenneth Kelly made
a ditch across my land

without my permission and
has attempted to use this water
on land. That has no Decree
for it. namely Land that was
taken up by Mrs Dunkin.

This water cannot be used
on any other land, with out first
building a Ditch through the
Harry Coleman ranch

About 20 years ago or longer
Mr Harry Coleman your father
dirt a Ditch to bring the Adams
Creek water down across my
land as it was most all
sinking in the old channel.

Sincerely yours

Floyd Whitaker
