

Conversation Date:	8/28/2007
Agent:	S. Hemenway
Claimant:	Darwin or Marianne Josephson (spoke with Darwin)
WR#	29-2476
Mailing Address:	1333 Hatch Loop Road North, Bancroft, Idaho 83217
Phone #:	(208) 648-7373
Physical Address:	1333 Hatch Loop Road North, Bancroft, Idaho 83217
Location of Well:	center of parcels
Casing size:	12"
Total Depth:	367' cased to 238'
Static:	8'
Dynamic/Drawdown:	110'
Pump Test	1200 gpm for 4 hr test maximum capacity of well at time of pump test = 2.68 cfs
PSI:	runs system at 50-60 psi (per claimant)
Driller:	Bert Westlake, Bloomington, Idaho
Date Drilled:	4/1/1963 started drilling 3/1963
Discharge Size:	8"
System:	US Motor Hollowshaft pump, 125Hp, Ser#136031 Layne pump # 44074P thru gatevalve/check valve to mainline
Size Main:	8", reducing to 6"
Acres Irrigated:	163 acres of the designated area
Size Handline:	4"
Method of Irrigation:	(4)-lines, 32 heads/line, 60 psi (most larger than 5/32, but smaller than 3/16; Q based on 11/64 noz.=1.87cfs
Nonirrigation Uses:	None with this WR; 29-4208 is a surface water source which includes both irrigation and stockwater.
Other Uses:	None
Other WRs Used:	29-4208 (irrigation and stockwater, which is for the same POU)
Supplemental Water:	None
Priority Date:	6/21/1963 started drilling 3/1963
Evidence of Priority:	Driller's report; depositions from witnesses; affidavit, and publication.
Permit No.	G-31214/29-2476 WR License w/priority date of 6/21/1963
Theoretical Measurement on Well:	recommending capacity found at time of 7/28/1971 field inspection
Recommendation:	recommending capacity found at time of 7/28/1971 field inspection
Exam Date:	7/28/1971 Q=1.87cfs
Basis of Claim:	license Q=1.87cfs 489af 163acres
