E. REASONS SUPPORTING OBJECTIONS(S): This water right was disallowed in the director's report, stating that it was recommended as right no. 37-20639. However, transfer (#69756) approved on 12/28/2006 identifies water right 37-2476 as the parent WR for WR# 37-20637 and 37-20638. In contrast, WR# 37-803 is the parent WR for WR# 37-20639 and 37-20640. WR# 37-2476 was a licensed WR with a priority date of 2/12/1947 (see attached license). WR# 37-803 was a decreed WR with a priority date of 6/15/1946 (see attached decree). The original WR# 37-2476 and 37-803 are not the same water rights, therefore, the resulting water rights following the transfer (#69756) are also individual and separate water rights.
