Eastern Region

Dear Mr. Ruberry:

Enclosed with this letter is the signed copy of the Amended Enlargement Claim on behalf of Teton Pipeline Association. I had made contact with the officers before I left town and they apparently made it in and got the document signed while I was gone, but I did not return until September 15th, so we apologize for the delay. Thanks for your continued assistance in this matter.

Yours very truly,

Kent W. Foster

900 N. Skyline Dr., Ste. A
Idaho Falls, ID 83402

Dear Ernie:

Enclosed is an enlargement claim on behalf of Teton Pipeline Association, together with our check in the amount of \$2,341.00 for the filing fee. If any adjustment needs to be made, please let us know.

I noticed when I reviewed water right number 22-203, a right of the City of Rexburg, a portion of which (6.5 cfs) has been leased to Teton Pipeline Association for 25 years with a renewal right for an additional 25 years, that the city has listed some 9,175 acres of Teton Pipeline Association lands as part of the place of use for number 22-203 and 22-204C. I do not think Teton Pipeline Association leases any portion of 22-204C.

Since I was plotting all the places of use for the Teton Pipeline Association rights on a map anyway, I also plotted the place of use for 22-203 (which appears to be the same as 22-204C). As you can imagine, it is not exactly identical with all of the rights of Teton Pipeline Association. If one considered the additional acres outside any overlap, there would be about an additional 1,614.6 acres within the permissible place of use of Teton Pipeline Association, and another 290 acres adjacent to, but on lands just outside the permissible place of use. I did not consider any of these acres when I prepared the enlargement claim, but will await your advice.

Yours very truly,

Kent W. Foster
