10. **I object because:**

☐ This water right should not exist.

☒ This water right was not recommended, but should be recommended with the elements described above.

REASONS SUPPORTING OBJECTION(S):

Water has been diverted and beneficially used for decades based upon interviews with claimant's predecessor in interest and the conditions that exist on the ground. Claimant believes additional information obtained from the Homestead Entry application file for the subject private land to which the water right is appurtenant will reveal additional details of the beneficial uses claimed pre-dating 1906, the date the patent issued for the private land.
