**ATTACHMENT 1 TO STANDARD FORM 1 – OBJECTION
SUBCASE 47-17417**

Aslett Ranches Partnership objects to the following:

Source

The Director's Report incorrectly identifies the multiple sources and their tributaries which serve as the points of diversion for this water right. The sources and their respective tributaries should be identified as follows:

Source	Tributary
House Creek	Cedar Creek
Little House Creek	House Creek
Caudle Spring Creek	House Creek
Steele Spring Creek	House Creek

Quantity

The Director's Report reduces the quantity to be appropriated under this water right to 5.190 cfs, which is contrary to the historic diversion under this water right in the amount of 6.00 cfs. The accurate diversion quantity is 6.00 cfs.

Priority Date

The Director's Report recommends a priority date of 12/31/1950, which is contrary to the date when the water appropriated under this water right was first put to beneficial use. The accurate priority date is 1/1/1912.
