Case No. 39576	)	OBJECTION

_____	)	

This form is used to report the stipulated elements of one water right acquired under state law. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; and they have been served with sufficient process, according to the law; and that they have appeared, prosecuted and defended their positions with regard to this water right dispute.

The claimants (Oppio Family Limited Partnership), the objectors (Gary and Helen DeMoss) and IDWR agree and stipulate that this **stipulation resolves the objection by Gary and Helen DeMoss to 37-239A.**

The following remark will be included with the priority date element for Gary and Helen DeMoss's water rights 37-856, 37-2778, 37-2780, and 37-7754:

Pursuant to a call in times of scarcity, the diversion to storage from
November 1 to March 31 is not subject to curtailment by **Water Right
No. 37-239A.**

The parties realize that the remark on the four DeMoss rights that subordinates 37-239A may be expanded to include the subordination of other water rights, prior to the entry of the Special Masters Report and Recommendation for 37-856, 37-2778, 37-2780, and 37-7754.

The parties and IDWR have further indicated their concurrence by their signatures below and by initialing each of the attached pages.
