RE: RETURNED WATER RIGHT OWNERSHIP CHANGE 22-2221

Dear Claimant:

I am returning the above referenced document for additional information. The deed you submitted may be in error. The land described for Tract 3 (NENE and SENE) does not total 32 acres as described on the water right. It is also not in the correct location. Please see the enclosed photo.

If you have another deed from Mr. Pincock please submit it for Tract 3. Otherwise you will need to have deed 337802 amended if you purchased his entire farm.

Additionally, Mr. Pincock rented property from the Beasley's which is also included under this water right. If you plan to continue this agreement, and send us a copy, we can include this property in your water right. If you do not have an agreement with the Beasley's, we will have to split this water off and give it to the Beasley's.

If you have questions about this matter, please contact Assistant Regional Manager, Ernie Carlsen.

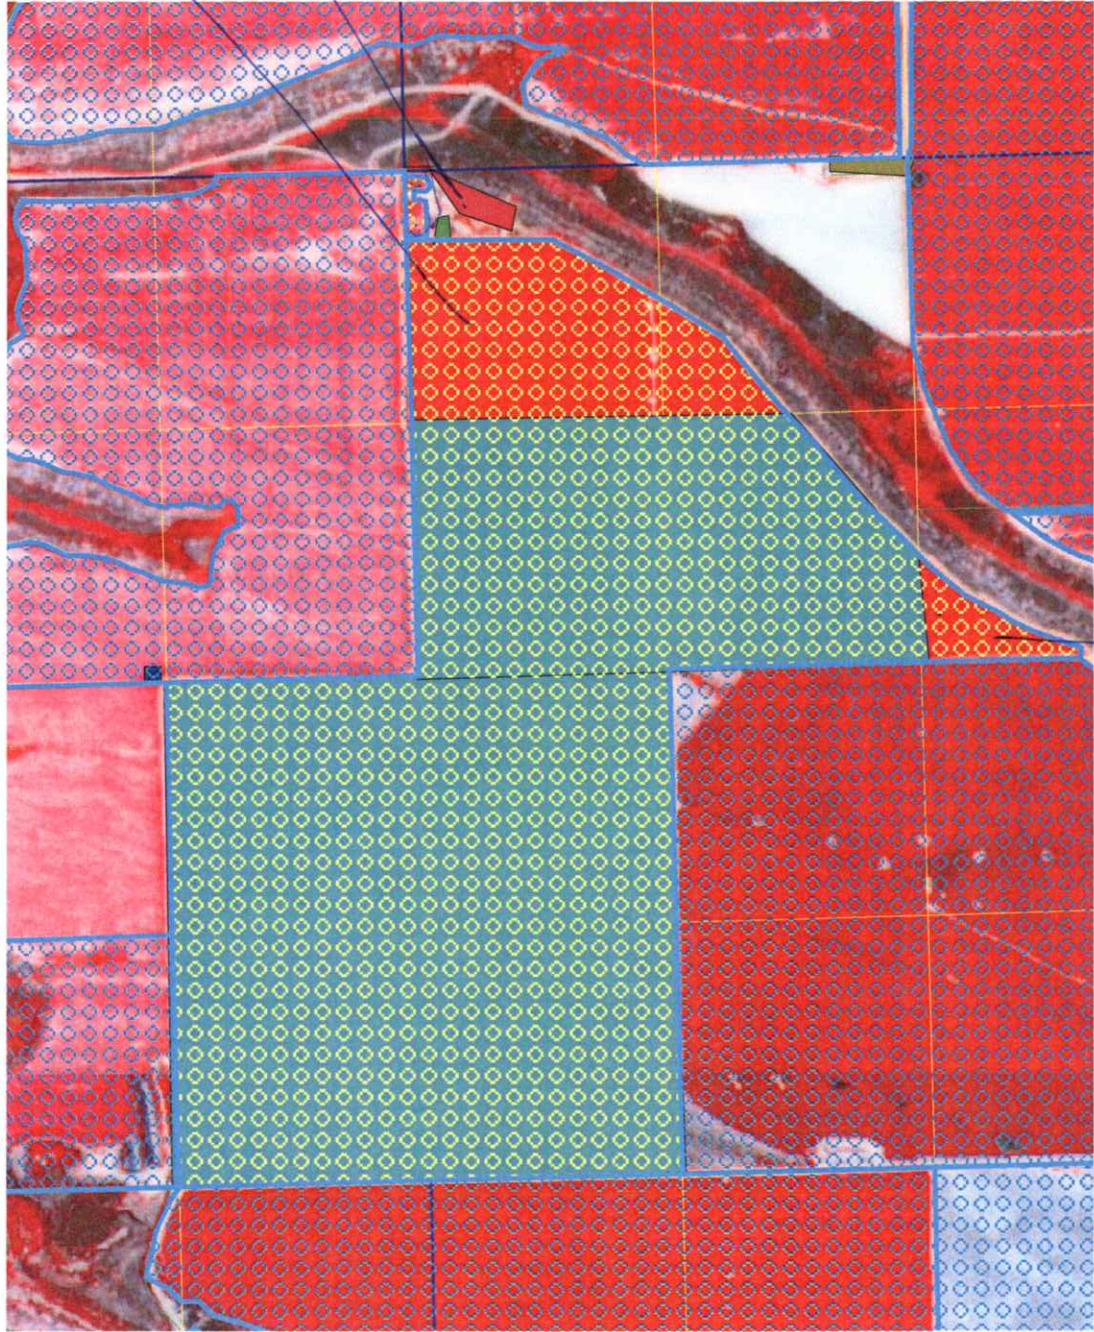

Respectfully,

Jennifer Crabtree
Technical Records Specialist

parcel owned by the Beasley's. Did you have an agreement to irrigate their land?

We are missing the deed for this parcel

This parcel is not appurtenant to the water right. IS this an error in the deed?
