To Whom It May Concern:

Our office represents Mr. Charles Kane in regard to Water Right No. 21-10019. We recently filed an Objection to the Director's SRBA Report on behalf of Mr. Kane.

Mr. Kane stated that Ryan Mikesell was the person responsible for evaluating his water right before the Director's Report was filed. We understand that Mr. Mikesell no longer works for IDWR. Has this file been reassigned to someone in IDWR's Idaho Falls office?

Additionally, the Director's report states that Water Right No. 21-10019 was disallowed because it was not claimed in a prior adjudication. In order to assist Mr. Kane we need additional information regarding the reason for the disallowal. The information we need is, on what date was the referenced prior adjudication? What was the case number of that adjudication? Where can the adjudication file be located so that we can review it in preparation for a future hearing on the issue?

We greatly appreciate your assistance in this matter. If you have any questions please give me a call at 524-5400.

Very truly yours,
