REASONS SUPPORTING OBJECTION(S)

Following the filing of the Amended Director's Report for this right, Basic American and the Idaho Department of Water Resources agreed to changes to the language recommended with PURPOSE AND PERIOD OF USE and language recommended with PLACE OF USE for this right. This objection documents those changes. An SF5 with the language changes will be filed, confirming resolution of the objection.

PURPOSE AND PERIOD OF USE:

Industrial use is for potato processing. The water diverted under this right for industrial purposes must first be used in association with potato processing. Use in association with potato processing may ~~and includes~~ the treatment of process water with fresh water. After water is used for these industrial purposes it may be applied to land to satisfy federal or state water quality requirements. Water diverted shall not be used for land application unless the water is applied to land that has an appurtenant water right, which normally provides ~~is capable of providing~~ a full supply of water for irrigation.

PLACE OF USE:

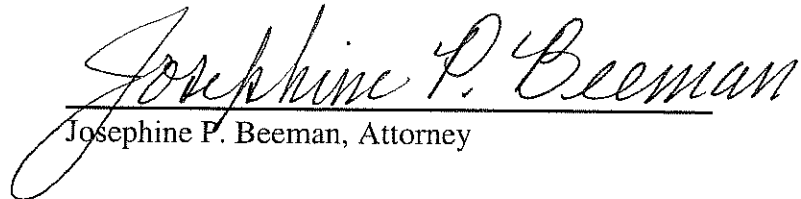

Place of use may also include other lands upon which the process water may be applied for land application purposes to satisfy federal or state water quality requirements. Water diverted shall not be used for land application unless the water is applied to land that has an appurtenant water right, which normally provides ~~is capable of providing~~ a full supply of water for irrigation. Water diverted shall not be used for land application unless the water is first used in association with potato processing ~~and treatment of process water~~ as authorized by the water right. The industrial use of water under this right includes treatment of process water with fresh water.
