Request for SF5 Preparation for 27-12003 and 27-12005 Preston R Allen and Sons

NOTES/COMMENTS:

Ernie we would like to request that an SF5 be prepared for the following water right numbers: 27-12003 and 27-12005, Preston R Allen and Sons to settle the Tribes' objection. We have settled on a volumetric amount for their water rights. This amount being 13.44 AFY, this was based on the following calculation:

$$600 \text{ cows} \times \frac{20 \text{ gallons/day}}{\text{cow/calf}} \times 365 \text{ days} \times \frac{1 \text{ acre-ft}}{325,850 \text{ gallons}} \Rightarrow 13.44 \text{ AFY}$$

The 13.44 AFY was further apportioned out to each water right, 27-12003 = 12.41 AFY and 27-12005 = 1.03 AFY. This was determined through further discussions with the claimant and how he uses his water right. These are the numbers that should be indicated on the SF5 for each water right.

27-12003 contains an additional objection to the volume on the irrigation portion of this right and has not been settled at this time. The volume indicated above only settles the stockwater portion of this water right, this should also be indicated on the SF5.

The volume indicated above for 27-12005 settles all tribal objections to this water right. Should you have any questions regarding this request, please give me a call at the number above.
