E. REASONS SUPPORTING OBJECTION(S):

The recommendation describes POUs on private land & federal lands with a priority date of 07-01-1885. There does not appear to be a basis for an 1885 priority on private or federal lands. The private land POUs were patented on many different dates between 05-11-1892 and 01-08-1926. The "base property" associated with the use on federal land was patented on a wide variety of dates between 04-29-1892 and 04-11-1940. The recommendation also does not describe the land to which the use (POUs) on federal land is appurtenant as required by I.C. 42-1402. Grazing on public land is not yearround.
