To Whom It May Concern

We were not sure if we needed to make a reply to the objection to our water rights (47-2241, 47- 4088) by the Twin Falls Canal Company , dated 9/17/07. We talked to their lawyer, Travis Thompson approximately one month ago, he agreed that our water rights do not include the seepage that they have a right to , and agreed to drop the objection. Our rights cover underground springs that run year round. The trout farm (Canyon Trout Farm) that we own has an agreement with the canal company and he was going to ask for it to be noted in the water right.

We attended the meeting held in Buhl several weeks ago and Mr. Tuthill said that we had 60 days from date of objection to reply to it. So here it is . Please let us know if we need to do anything else to complete this process.

Thanks
Delbert & Pati Klundt
