RE: Power plant on Billy Creek in Basin 79

Dear Mr. and Mrs. Shroyer:

Enclosed is a partially completed application for permit that you can use to file for a water right for your power plant on Billy Creek. I have also enclosed a blank application form with the instructions in case you wish to apply for an amount of water that is different than the amount that was claimed for power purposes on Snake River Basin Adjudication claim no. 79-14051.

You will need to complete items 1, 6, 7, 11 and 12 on the partially completed application form. The enclosed map may be used to fulfill the map requirement for item 13. When you have completed the application, please mail it to Idaho Department of Resources Western Region office at the address shown on the last page of the instructions.

Sincerely,

A handwritten signature in cursive script, reading 'Carter Fritschle', written in dark ink.
