STANDARD FORM 1 – OBJECTION
SUBCASE 02-02294

Purpose(s) of Use and Period of Year:

Marianne Williams and Larry Williams object to the recommended period of year for this water right. The period of year should be 03/15 to 11/15, as claimed.

The Williamses also object to the inclusion of the following limiting remark:

The use of water for irrigation under this right may begin as early as March 1 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before April 1 and after October 31 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.

ATTACHMENT 2
STANDARD FORM 1 – OBJECTION
SUBCASE 02-02294

Reasons Supporting Objections:

Purpose and Period of Use:

The claimed period of use of 03/15 to 11/15 should be recommended based upon the historic diversion and use of the water. Additionally, there is no legal basis for inclusion of the restriction remark, as it was not contained in the license.
