Re: Affidavit supporting priority date for water rights 67-4354 and 67-4557

Dear Mr. Stone,

I have been speaking with George Rodriguez about water right claims 67-4354 and 67-4557. In order for me to make a recommendation to the SRBA court, I need evidence of when the wells and well water was first put to beneficial use. A lot of times, that evidence is submitted in the form of an affidavit.

In my conversation with George, he told me that you might have the knowledge of the historical use of the two older wells on the property. I understand that you are busy and the request for an affidavit can be inconvenient. However, it is very important to have this information to ensure that Mr. Rodriguez water rights are recorded accurately with the SRBA court.

For your convenience, I have outlined as best I can, the information that we are looking for in an affidavit. If you could take a minute to complete the affidavit and return it to me in the enclosed postage paid envelope, that would be greatly appreciated.

Please note, you are not required to use this form or format. Please submit any information you can in whatever format you are comfortable with.

Feel free to call me if you have any questions.

Respectfully submitted,
