Attachment – Response to Item E, Reasons Supporting Objection

There are two points of diversion used historically to irrigate the land claimed. The upper point of diversion (IDWR GPS Site Tag A0013403) has been used to deliver water under water right 73-12082 (a portion of original water right 73-213). The lower point of diversion (IDWR GPS Site Tag A0013407) has been used to deliver water under a portion of original water right 73-215 (claimed as 73-215B and 73-215C). The original claims did not describe the system adequately, resulting in errors in the recommendations of claims 73-215B, 73-215C and 73-12082.

The points of diversion and places of use should be recommended as shown on the attached map.
