Re: SRBA Subcases involving water right nos. 02-02267, 027019C, 02-7022A, 02-7023A, 02-7124, 02-7102A

Dear Mr. Baxter:

This law firm represents the interests of Blanksma Land and Storage, LLC, claimant and owner of the above-referenced water rights. The State of Idaho Department of Lands has filed identical objections to each of the water rights, pointing out that the water right is recommended on T06S R07E, Section 16 NWNW - which is a tract owned by the Department of Lands. I have spoken with my client about this matter, and it is agreeable to the removal of the offending tract from each of the water rights. Additionally, I have spoken with David Barber of the Idaho Attorney General's office - he would also be amenable to the removal of the tract from the water right descriptions.

Therefore, to save time and expenses on both sides, I am requesting that IDWR prepare Standard Forms Five to resolve these subcases by removing from the description the place of use to which the Department of Lands has objected. When I receive the same, I will review them and submit them to my client for review as well.

Please contact me with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles L. Honsinger".

Charles L. Honsinger
