RE: Snake River Basin Adjudication (SRBA) Claim Nos. 37-460, 37-461 and 37-10327

Dear Claimant:

I am reviewing the claims referenced above, and I believe you may be entitled to more acres than have claimed. In examining the aerial photography available to the Idaho Department of Water Resources, it appears that 164.4 acres are being irrigated rather than the 150 acres claimed.

For your convenience, I have prepared amended claims for you to review that would change the total number of irrigated acres claimed from 150 to 164.4. If you wish to amend your claims, please sign the amended claim forms, have your signature notarized, and return them to my attention at this office. If you wish make changes to any of the other elements of the claims, you may mark those changes on the amended claim forms. However, you must initial any other changes you make to the claim forms.

In addition to the amended claims, I have enclosed printouts of the SRBA notices of claim for these rights and what is called a GIS Layout map identifying the claimed Points of Diversion (yellow dots labeled POD) and claimed Place of Use (outlined in yellow.) If the map incorrectly identifies your points of diversion and place of use, please mark the map to show the correct Points of Diversion and/or Place of Use and return it with your amended claims. If you have any questions, you may contact me using our toll free number, 1-800-451-4129.

Sincerely,
