This right is limited to the irrigation of 30 acres within the place of use described above in a single irrigation season.

Rights 2-10338, 36-98 and 36-15467 when combined shall not exceed the irrigation of 121 acres in a single irrigation season.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Prior to diversion of water under this water right, the right holder shall submit to the Department a diagram identifying the specific location of the 121.0 acres authorized for irrigation annually, and prior to the irrigation season any year when irrigated acres will be different than previously identified.

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.

Failure of the right holder to comply with the elements and conditions of this water right as authorized under this transfer is cause for the Director to rescind approval of the transfer.

The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
