RE: CHANGE OF OWNERSHIP FOR A75-00019G, -00021, & -00005

Dear Gail:

The information annotated on the Notice of Change of Water Right Ownership (NOC) and the attached Corporation Deed (copies enclosed) is not sufficient for the department to finalize changing the name of the claimant for portions of the pertinent SRBA Notices.

For your reference, I've also enclosed a report on each SRBA Notice initially filed by Idaho Arrowhead Water District. Please note that A75-00022 is not listed on the NOC you submitted.

Since the name of the previous owner on the Corporate Deed is Oliver Ranch Properties, Inc., and the claimant is still recorded as Idaho Arrowhead Water District, the records for the above Notices do not reflect ownership changes that have occurred since the Notices were filed in May of 1990. Consequently, before processing the NOC you submitted, evidence is needed to show the rights were conveyed from the claimant to Oliver Ranch Properties.

After it has been verified that Oliver Ranch did acquire the rights, the next question is what portion of each was conveyed to you? Feel free to write this information on the enclosed reports of the SRBA Notices. It would also be helpful to have a map illustrating the property you purchased.

Naturally, if you have questions, feel free to contact this office at the above telephone number.

Respectfully,

Ernest Carlsen
Adjudication Supervisor
