SUBCASE 37-22106

Reasons Supporting Objection(s):

Point of Diversion:

The points of diversion as recommended are incorrect based upon the historic diversion of water under this right.

Purpose of Use and Period of Year:

The period of use for wildlife (10/21 through 12/15) and aesthetic (10/21 through 12/15) should be recommended in full, based upon the historic diversion, delivery, and use of water by the Sun Valley Company.

Place of Use:

The place of use described in the Director's Report does not accurately describe the lands to which water has historically been applied under this water right.
