) **OBJECTIONS**

The United States of America, by and through the US Department of Agriculture, Forest Service ("United States"), and the State of Idaho ("State") (collectively, "Parties"), by and through their respective undersigned counsel, hereby stipulate and agree as follows as to resolve the State's objections to the United States' water right claims in the above-captioned SRBA subcase numbers.

WHEREAS, the United States has submitted water right claims in the above-captioned SRBA subcases for federal reserved water rights to supply water for Forest Service administrative sites; and

WHEREAS, the State has objected to the United States' water right claims; and

WHEREAS, the Parties desire to settle this litigation through the issuance of two separate decrees under state and federal law for each of the administrative sites, with the use in conjunction under both decrees limited to the quantity necessary for each respective administrative site;

THEREFORE, the Parties agree and stipulate as follows:

1. TWO DECREES FOR EACH ADMINISTRATIVE SITE. The Parties agree that this dispute can be resolved by the issuance of two water right decrees for each administrative site, with one decree based on federal law and the second decree based on state law. The two decrees should be limited to a combined use equal to the quantity necessary for the administrative site. Such quantities are reflected in the attached exhibit.

2. STIPULATION CONTINGENT UPON ISSUANCE OF DECREES. This Stipulation is effective only if the water rights proceed to decrees from the SRBA Court as such water rights are described on the attached exhibit. If for any reason the Court does not issue decrees for any of the water rights as described on the attached exhibit, this Stipulation is null and void as to such

water right and shall have no effect, and the United States shall proceed with a determination of its water rights under applicable law.

3. CONFORMING DOCUMENTS. The Parties agree that they will execute and file any necessary documents with the SRBA Court to conform to the provisions described in this Stipulation.

4. STIPULATION NOT TO BE USED AGAINST THE PARTIES. The Parties agree that this Stipulation has been entered into based upon good faith negotiations for the purpose of resolving legal disputes, including pending litigation, by compromise and settlement and that nothing in this Stipulation, or any offers or compromises made in the course of negotiating this Stipulation, shall be construed as precedent in the SRBA or any other proceeding or context, as admissions against interest or tendered or used as evidence to show the validity or invalidity of any water right claims made by the Parties, or as an admission or concession of wrongdoing or liability, or shall be used in any manner by any party in the SRBA in any future proceedings in the SRBA, in any appellate proceedings concerning the SRBA, or in any other proceeding, other than those seeking approval of this Stipulation by the SRBA Court, for interpretation or enforcement of this Stipulation, or for a purpose contemplated by Idaho Rule of Evidence 408.

5. RESERVATIONS. Nothing in this Stipulation shall be construed to deprive any federal official of authority to revise, amend, or promulgate regulations. Nothing in this Stipulation shall be construed to commit any federal official to expend funds not appropriated by Congress.

6. VOLUNTARY EXECUTION. This Stipulation was entered into and executed voluntarily by the Parties in good faith, and without any fraud, misunderstanding, overreaching,

misrepresentation, duress, or undue influence.

7. BINDING EFFECT. This Stipulation shall bind and inure to the benefit of any and all successors, assigns, heirs, executors, and administrators of each of the Parties.

8. COSTS AND ATTORNEY FEES. Each Party shall bear their own costs and attorney fees.

9. EFFECTIVE DATE. This Stipulation shall become effective upon execution by both of the Parties.

DATED this 14th day of January, 2008.
