MOTION TO FILE A LATE NOTICE OF CLAIM

A Motion to File a Late Notice of Claim will require a hearing before the Presiding Judge.

☐ I did not file a Notice of claim to the use of water in the SRBA because:

☐ I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

☐ I am providing legal and factual documentation for my claimed use of water. You must describe these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you must attach a copy of your Notice of Claim.)

I have attached:

- ☐ A fully completed Notice of Claim (available from IDWR).
- ☐ A claim filing fee for a domestic and stock watering use. IDWR may charge this fee pursuant to I.C. § 42-1414. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$ _____.
- ☐ A claim filing fee and a late claim fee for those claims other than a domestic or stock watering use for which a notice of claim was not filed. To determine this amount, contact IDWR at (800) 451-4129. I have enclosed a check payable to: State of Idaho Department of Water Resources in the amount of \$ _____.

Follow these instructions regarding the hearing on this motion.

1. Contact the Clerk of the SRBA Court (208-736-3011) to request a hearing date and time.
2. Fill in the following information:

MOTION TO FILE AN AMENDED NOTICE OF CLAIM

A *Motion to File an Amended Notice of Claim* may require a hearing before the Presiding Judge or Special Master or may be granted by leave of the court or by written consent of the parties and the Idaho Department of Water Resources. Leave to amend a claim shall be freely given when justice so requires.

☒ I must amend my Notice of Claim to the use of water in the SRBA because:

The legal description for the point of diversion is
wrong. Reads SESWNW should read both
SWNW & NENWSW.

- ☒ I am providing legal and factual documentation to support my amended Notice of Claim.
You must describe these documents and attach a readable copy.

This was determined by IDWR on their USGS
QUAD for this section. Historical use has
always been from both SWNW & NENWSW.

I have attached:

☒ An amended Notice of Claim (available from IDWR).

☐ Payment of the following additional fees required by IDWR:

Nick,

Dick and Betty Baker amended the above claims to add a point of diversion that wasn't on the claim as originally filed. The Court has set a hearing date of 04-23-99. I just wanted to advise you that I agree with the claims as amended, and have created "R" records on the temp file which reflect the amended p/d. If, and when, there's something else I need to do, let me know.

Dear Mr. and Mrs. Baker:

I just wanted to make sure that you are aware of the Hearing scheduled by the SRBA court to decide on the Motion to Amend the above claims and add the second diversion rate out of Pine Creek. I don't think there will be any problems with it. I see that the Hearing has been scheduled for April 23, 1999, and do understand that some of these hearings are conducted by telephone. If you have any questions about the date or time, be sure to contact the Court at 736-3011.

I CALLED DICK AND BETTY BAKER REGARDING THE LATE CLAIMS THEY FILED ON LOTS IN THE PINE CREEK SUBDIVISION. MRS. AND MR. BAKER BOTH TOLD ME THAT THEY HAD IRRIGATED THE BENCH LOTS THAT THEY PURCHASED FROM THE COUNTY AUCTION THIS YEAR, AS WELL AS LOT 10, OWNED BY KUCKOFF, WHICH LIES BETWEEN THE NUMBER OF LOTS THAT THEY GOT FROM THE COUNTY AUCTION. THEY ALSO CONTINUED TO IRRIGATE LOT 3 THAT THEY OWNED PREVIOUS TO PURCHASING THE COUNTY LOTS, AND THAT THEY HAD PURCHASED LOTS 1 AND 2 FROM MOUDY, AND HAD MARGINALLY IRRIGATED IT. MRS. BAKER TOLD ME THAT THE LOTS ON THE BENCH OWNED BY GUFFY (15, 16, 17) HAD BEEN MARGINALLY IRRIGATED THIS YEAR, ALSO, BUT THAT SHE KNEW THEY PLANNED TO DO MORE IMPROVEMENTS FOR NEXT SEASON.

MRS. BAKER TOLD ME THAT THEY HAD BEEN IRRIGATING THE LANDS ON THE BENCH BEFORE THEY PURCHASED THEM. SHE ALSO TOLD ME THAT SHE WOULD SEND IN A CHANGE OF OWNERSHIP FORM FOR LOTS 1 AND 2 THAT THEY PURCHASED FROM MOUDY.

I called Mrs Guffy at the store in Bellevue to ask about the late claims they filed on lots 15, 16 and 17 in the Pine Creek Subdivision. She told me that they had watered the new lots on the bench some this year, but that they had not got around to all the improvements that they wanted to do. She said that Mr. Guffy knew more about it, and that she would have him call me back. Mr. Guffy called and told me basically the same thing. He said that most of the lots 15, 16, 17 that lay below the bench was irrigated by water from the E. Fk, and also subbed a lot. The land on the bench was sprinkled some this year, but not as much as they would like to do in the future. He told me that the Bakers had been actively irrigating their lots and had had a crop this year. He said that both he and the Bakers used the upper ditch and P/D most of the time, keeping the alternate lower ditch and p/d for times when there may not be as much water.

RE: BAKER FAMILY PROPERTY-OWNERSHIP CHANGE, AMENDMENTS AND SPLIT.

Dear Jim:

I enclose copies of the final paperwork regarding the Baker properties on the Salmon River, East Fork that Tom and I worked on the latter half of 1995. Originals were sent to the individual owners so that all the family members could see all the records.

As I don't have secretarial support I have done all the changes myself and the needed double-checking of all the new data entry on the names, legals, remarks, etc in the claims. Please note the insert regarding the A and R records which took a great deal of time and must match for future queries so that all claim numbers come up as a group.

Unless the family comes up with some errors I believe that the task is complete. I will be working on claims from the East Fork this winter and may turn up some detail changes myself. Please let me know if you have questions regarding the form of the records. Best wishes.

Sincerely Yours,

Francis G. Hitchcock

RE: FINALIZED WATER RIGHTS CLAIMS IN THE ADJUDICATION AS A RESULT
OF THE OWNERSHIP CHANGES, THE AMENDMENTS AND THE SPLIT.

Dear Dick and Betty:

Here at last is a final version of all the changes that the Baker family set in motion in June of 1995!

I'm sending a set of changes to each couple in the family to make it easier to review who now has what.

Please look them over and see if they agree with what I've sent you up to now. I've worked on this so much that it tends to kind of run together whenever I look at it. As a result I may be missing a detail that will stand out to you folks at once.

Let me know if you have any questions. I look forward to seeing you all again this season but the legislature is in session and the court changes things weekly so who knows. Best wishes to all.

Sincerely Yours,

Francis G. Hitchcock
Water Resource Agent Sr.

enclosures

NOTE:

AS MENTIONED BEFORE, THE A BEFORE THE BASIN NUMBER OF 72 MEANS A CLAIM IN THE SNAKE RIVER BASIN ADJUDICATION.

AN R BEFORE THE BASIN NUMBER OF 72 SIMPLY MEANS A RESEARCH RECORD THAT THE DEPARTMENT KEEPS ON THAT WATER RIGHT CLAIM NUMBER TO SHOW ANY AND ALL CHANGES RIGHT UP TO THE TIME IT IS RECCOMENDED TO THE COURT IN A DIRECTOR'S REPORT.

WHENEVER WE MAKE OWNERSHIP CHANGES WE HAVE TO CHANGE THE NAME ON BOTH THE A AND THE R RECORDS. THATS WHY I'M SENDING YOU ALL THE COMPLETE RECORD OF ALL OF THE FORMS OF YOUR CLAIMS THAT ARE IN THE DATABASE HERE.

YOU CAN SEE THAT IF ONE NAME WAS DIFFERENT AT ALL THEN WE WOULDN'T BE ABLE TO REPORT ALL YOUR RIGHTS AS A GROUP NOR COULD WE REPORT TO YOU ACCURATELY WHAT YOU HAVE FILED.

THANKS...FRANK

Dear Mr. & Mrs. Baker:

Please review the enclosed map(s) & aerial copies for your lots in the Pine Creek Subdivision.

I need you to draw in the ditch lines on the aerial photos and also to write in on the Pine Creek map (A72-00201E) how long you have been using water through that diversion ditch.

Please return these exhibits to me ASAP as my deadline for completing recommendations is 02-28-94. I was up @ the subdivision last Thursday but in too much of a hurry to stop in.

Hope you are all well and that we all get some snow soon.

Best,

Frank Hitchcock

RE: AMENDMENTS/OWNERSHIP CHANGES

DEAR DICK AND BETTY:

As I mentioned when we were together the other day I have been under a directive from my supervisor to get more work done so I haven't gotten the paperwork that we reviewed with Tom finished.

Please remember that these changes will be done by me to be sure that everything gets done as you all wanted them done. That's not to say that I'm not perfectly capable of screwing them up all by myself without any interference from other staff.

I will make an effort to get them off my desk and back to you for your signatures. After you review them and feel comfortable that we have gotten all the ownership and changes just as all the Bakers want them to be return the signature sheets to me for the files.

I've spoken to Tom about this and he says it's alright to forward the papers to you directly. I will of course stay in touch with Tom and you folks to make sure we are all in agreement on the paperwork.

It is going to take awhile longer as I'm being pulled in several different directions at the same time by supervision and my work in progress such as your claims will take longer to do. Please don't think that I have forgotten or have set them aside as I haven't.

This letter then is a courtesy to you folks to keep you informed of what isn't happening as quickly as it would if I were doing my own work according to my own schedule and promises.

I don't know when I'll be able to get up your way again but I will look forward to seeing you all again. Best wishes.

Sincerely,

Nick,

I talked to Betty Baker this morning and she and Dick are aware that the diversion rate and irrigated acres will remain as recommended in the Director's Report, and are less than originally claimed. So we're good to go.

So much for those mid-night panic attacks of mine.

Vikie, the last thing the Bakers may have seen may be the amended "A" record, but presumably they would have seen both the preliminary and the final recommendations of the water rights that we sent out earlier this year. But, it might be wise to give them a call Thursday just to clarify what we're going to recommend. If they have a problem with acres and/or diversion rate, tell them that we need to file the amended recommendations on Friday anyway, but that they'll still have opportunity to object to the acres/diversion rate recommendations, and that we'll try to work with them before the objection deadline to get it straightened out. Give me a call to let me know what they say. We'll hold off on filing the amended recommendations till I hear from you. NBS

Nick,

I had one of those middle of the night AH HA moments about these claims. I realized that the last thing they saw was the amended "A" record, which reflected the diversion amt and acres as originally claimed. I'm worried that they think the claim also amended them back up to the original, even though I wrote them a letter regarding that.

[illegible]

On February 2nd I received the signed amended claims that I sent to the Bakers on December 31, 1998. I called this date to tell Mrs. Baker that they would now have to petition the court to amend. I told her that I had sent a subsequent letter to them to that effect, but she said she had so much mail piled up that it was hard to get to it all. They have been out of town due to a relative's illness.

I told her that I would send her the original signed amended claims back, along with SF4 forms so that she could send them to the court. Told her to follow instructions on the forms, but that if she had any questions, to call me here at the office.

RE: Snake River Basin Adjudication (SRBA)
Claim Number: 72-00201A and 72-00201E

Dear Mr. and Mrs. Baker:

As part of our Notice of Error process, you requested a change in your claims that required an amendment, and amended claims were sent to you for signing and notarizing. Please be aware that the Department has now sent our Director's Report to the SRBA Court. As your signed, amended claims were not received in this office before the mailing date of the Report, your claims were recommended as they appeared in the Preliminary Director's Report.

If you still wish to amend your claims, you must now petition the SRBA District Court to do so. I am enclosing forms that you will need, which includes directions for requesting the filing of amended claims with the Court. I suggest that you file your request *after* you have received your recommendation for these claims in the mail, as there will be information contained in that packet which may be useful to you. You may also wish to telephone the Court for complete instructions, and their latest procedures regarding the amending of claims included in a Director's Report.

If, after receiving your individual copies of the Director's Report, you have any questions about these or any other claim, please feel free to call me.

Sincerely,

Vikie Hancock

RE: Snake River Basin Adjudication (SRBA)
Claim Numbers: A72-00201A, -00201E, -00201H, -00202A, -00202D,
-00202E, -00202F, -00202G

Dear Mr. and Mrs. Baker:

This letter is in response to your Notice of Error replies on the above mentioned claims. I hope that I may satisfactorily explain some of my determinations in a way that doesn't just cause us all more confusion.

I was concerned, first off, by your questions regarding stockwater as an element of Use on claim numbers **72-00210H, -00202D, -00202E, -00202F and -00202G**, because it shows up on my copy. I am enclosing computer copies of the recommendations for each of those claims, in case there was an error on the ones sent to you earlier. On claims **72-00201A, -00201E, and -00202D**, stockwater was not originally claimed as a Use, but listed as incidental stockwater on the claim. This remark is included in explanatory material on claim 72-00201E, but not on the other two. As a general provision, incidental de minimus stockwater is included in any irrigation right, but if still wish to add it to your claims, they will have to be amended. Let me know if you wish to do so, in the meantime, I will add the explanatory remark concerning stockwater to claim numbers 72-00201A and -00202A.

You commented on several of the claims because the recommended acres had been decreased from the amount originally claimed. A general explanation is that I can only recommend acres that are actually being irrigated. Given the geography of the Pine Creek area, that excludes any gravel banks or marshy areas that sub up from the river, and the hillside that bisects some of the lots. The Adjudication was begun, in part, to assess the amount of water and number of acres being irrigated at the time of its commencement in 1987. It has been Department policy to allow the recommendation of acres that were dry in 1987 but on which there has been a resumption of irrigation, provided the land was historically irrigated, and no injury to other water users is apparent. I can not, however, recommend acres that you may wish to irrigate in the future.

The acres I recommended, as outlined in yellow on the GIS image, were calculated by a computer program known as Arc View. This program is much more accurate than past methods used to determine area. The basis for the image is aerial photography taken in 1987 or 1988 to record a snapshot in

time, if you will, of irrigation practices at that time. If you feel that I have excluded areas that you do actively irrigate, please mark them on the GIS image and return it to me for further discussion.

The 1938 Court Decree that all of your claims are based upon intended to award 1½ inches (or .03cfs) of water per acre of irrigated land, and that is the guideline I used to determine the recommended diversion amount for the different lots Pine Creek Subdivision. The decrease in diversion rates you noted are the result of the decrease in the acres I found irrigated.

On your replies for claims **72-00201A** and **-00201E**, you note that there should be an additional point of diversion from Pine Creek. I cannot add an element without your amending the claim, so find enclosed amended claims for you to sign and return to me. I hope that the general explanations above cover your comments regarding stockwater and diversion rate.

Concerning **A72-00201H**, the diversion rate was adjusted down to reflect the actual irrigated acres, and also because the 0.02 cfs allowed for stockwater is included in the water decreed for irrigation. Even though the 1938 decree did not include stockwater, stockwater can be added as a use if it is used within the irrigation season and does not increase the decreed diversion amount for irrigation. This explanation applies to all your rights that have stockwater listed as a purpose of Use.

I hope that this letter has explained my methods, somewhat. Please review things again and get back to me with specific changes you have. It would be best to draw them on the GIS image, but if you would rather call, we can possibly hash things out over the phone, with the papers in front of us. Be aware that the amended claim forms I am enclosing for your signature represent the base claims as you filed them, without my preliminary changes for recommendation. If you have any questions, please don't hesitate to call me. We appreciate your continued attention to the SRBA.

Sincerely,

Vikie Hancock

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): (1) Purpose of Use states Irrigation. This should read Irrigation and Stockwater. Doesn't show stockwater on preliminary, it does on our original and has been determined for historical beneficial use. (2) Quantity-The CFS for this right has been decreased from the historical use, this should remain at the quantity shown on historical use. *(3) TO 9N R 18E S 35 - SE SW NW - Adj - NE N WSW*
2. Describe the changes you wish to make in the proposed recommendation:
(1) Purpose of Use: Should state Irrigation and Stock water-add stockwater as in the original-historical beneficial use right.
(2) Quantity-Leave as decreed. *(3) Adj NE WSW*
3. Give a brief explanation as to why you disagree with these portions:
(1) Our legal reads "Irrigation and Stockwater" and so should the preliminary. It was proven as historical beneficial use and still can. (2) Leave as in the original acreage.
(3) ' ' ' is used out of this division also.

 I AGREE with this proposed recommendation; no changes need to be made.
