Greg, If I am not mistaken, the East Fork and the North fork come together to form Tower Creek. It does not appear that way on the map so we may need to change the calims. Talk to you tomorrow. Bob

Bob,

Didn't you say that Kord Smith, Jay Skeen and Bernt all diverted out of the the North Fork, not Tower Creek? I can't see it on the USGS map.

GT

Notes: At time of verification, left the
source as the North Fork of Tower
Creek.
