RE: Snake River Basin Adjudication (SRBA)
Claim Numbers: A72-00204, A72-02048, A72-10302A, B & C,
A72-10303, A72-10304

Dear Mr. Baker:

I was concerned to learn during yesterday's telephone conversation, that you still did not fully understand the Adjudication process, nor your water rights as they are currently proposed. The Department had hoped that by meeting with you in Challis, any questions you had could be answered, and any discrepancies you found with your water right Adjudication claims could be worked out. I'm enclosing a pamphlet about the Adjudication. As you pointed out, it's always difficult to understand something without starting out at the beginning with basic information.

As you review your claims, there are a couple of points that you may want to make note of:

- At this time the Department has no Adjudication water right claims for stockwater usage in your name.
- Claim number A72-10304 has a claimed total diversion rate of 0.22 cfs. This should probably have been claimed for 2.2 cfs, as it is based upon three 1938 Decreed rights which total to 2.2 cfs. If you wish to correct the diversion rate, please return the enclosed Amended Notice of Claim form with your notarized signature.

I hope that you will be able to get back to me with any specific concerns you have, or with the amended claim number 72-10304, before the middle of January. Our actual Director's Report is scheduled for mailing to the SRBA Court on January 12, 1999, and it would be beneficial to have the claims correct at that time. If that is not possible, however, you will have an opportunity to object to your recommendations after the Director's Report is filed.

Please don't hesitate to call me if you have any questions about your specific claims, or about the Adjudication process itself.

Sincerely,

Vikie Hancock
Water Resource Agent
