NOTES:

No Season of Use was listed on the license, so the IDWR standard will be used.
License was for 120 acres, but did not include stockwater.
1/15/2008 called and talked to Dennis Frandsen, and PODs have always been where they are located since 1919 when work was completed. No changes have been made.
License and Proof of Completion of Works by 1919, state that the PODs are located in Sec. 22 NESE, and Sec. 26 NWNW.
Dennis sent an Affidavit, and map indicating location of POU, system, and PODs.
Carter Fritschle, supervisor said this would be an accomplished change of POD (C03).
1/25/2008 received Affidavit and map of system from claimant, confirming location of PODs, and location of ditches for irrigating POU.

Recommendation:

C18, C03 accomplished change of POD.
Stockwater is same POU as Irrigation
N11

Recommendation:

Use of water under this WR will be regulated by the watermaster of State Water District No.
