

To Sandy Hemenway

The ditches and points of diversion have been where I have indicated on map.

I got the land in 1983 when my dad died.

I was born and ~~raised~~ raised on this property. My date of birth is 1950.

Lewella Fradette was my Grandmother.

The ditches and points of diversion have been where they are as long as I can remember.
It is all flood irrigated.

Thanks Lewella Fradette
