RE: Snake River Basin Adjudication (SRBA)
Claim Number: A72-02048

Dear Sirs:

I am now in the midst of the final review of the Water Right Adjudication Claims for the East Fork, Salmon River. The Department of Water Resources expects to have a preliminary report of the individual recommendations sent to all claimants the latter part of November, and to conduct a meeting in Challis to discuss our preliminary report with claimants in mid-December. It has been a long process, and your cooperation in it has been appreciated.

In investigating your claim number A72-02048, which is based on license number 72-02048, parts A and B, I found that the adjudication claim did not include a specific point of diversion on the "unnamed stream" listed as the source of water conveyed to fields on the north side of the river. This pertains to the licensed diversion of 0.8 cfs only, as the fields in question are also covered by decreed water diverted from the East Fork, upstream. By law, I cannot recommend that water be used on land that has no possible way to received water from the point of diversion listed on the claim, and in this case, the only point of diversion listed conveys water to the south side of the river. In order to protect your licensed water on the north side, you need to designate a point of diversion on the "unnamed stream" that is listed as the source of water on the license. I have enclosed an aerial photo for your convenience in locating the point. You may mark the map and return it to me in the enclosed envelope, or call and discuss it with me, as I have an identical map here at my desk.

I know that it is entirely possible that you have already discussed this matter with agent Frank Hitchcock when he visited you several years ago. He is no longer with the Department, and I am doing my best to understand the East Fork claims from the notes that he left in the files. I also apologize for the lateness of this request for clarification of this claim, but I hope to be as accurate as possible when the preliminary report is sent to you.

Please contact me if you have any questions regarding the above matter, or if I can be of help in any other way. Thank you for your time and cooperation in the SRBA.

Sincerely,

Vikie Hancock
Water Resource Agent

RE: Snake River Basin Adjudication (SRBA)
Claim Numbers: A72-00204, A72-02048, A72-10302A, B & C,
A72-10303, A72-10304

Dear Mr. Baker:

I was concerned to learn during yesterday's telephone conversation, that you still did not fully understand the Adjudication process, nor your water rights as they are currently proposed. The Department had hoped that by meeting with you in Challis, any questions you had could be answered, and any discrepancies you found with your water right Adjudication claims could be worked out. I'm enclosing a pamphlet about the Adjudication. As you pointed out, it's always difficult to understand something without starting out at the beginning with basic information.

As you review your claims, there are a couple of points that you may want to make note of:

- At this time the Department has no Adjudication water right claims for stockwater usage in your name.
- Claim number A72-10304 has a claimed total diversion rate of 0.22 cfs. This should probably have been claimed for 2.2 cfs, as it is based upon three 1938 Decreed rights which total to 2.2 cfs. If you wish to correct the diversion rate, please return the enclosed Amended Notice of Claim form with your notarized signature.

I hope that you will be able to get back to me with any specific concerns you have, or with the amended claim number 72-10304, before the middle of January. Our actual Director's Report is scheduled for mailing to the SRBA Court on January 12, 1999, and it would be beneficial to have the claims correct at that time. If that is not possible, however, you will have an opportunity to object to your recommendations after the Director's Report is filed.

Please don't hesitate to call me if you have any questions about your specific claims, or about the Adjudication process itself.

Sincerely,

Vikie Hancock
