mailing on your behalf

To: 5th District Court
253 Third Ave. North
Twin Falls, Idaho 83303

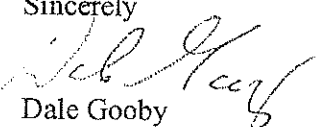

This is in response to the objection of water rights (subcase 75-14092). It appears that I am obligated to respond to this objection filed by Kent Foster on the 30th of January 2007. I have contacted this court to obtain the evidence which supports this objection but found that there was none filed with the court. I contacted Kent Foster's (attorney) office several times to receive disclosure of the evidence to support this objection. Mr. Foster refused to discuss the matter with me but was willing to discuss the matter with my legal council. The problem is that I don't have legal counsel nor will I waste my money obtaining it since I can't even identify what I need to defend myself from. I can only speculate on the motivation for this objection. Since there is no evidence to support this claim I can only assume that this is retribution from Mr. Foster stemming from a failed attempt to extort money from me on behalf of one of his clients several years ago. Much like this situation Mr. Foster had no evidence to support that claim but was more than willing to negotiate a settlement. Since I did not agree to a settlement the case was subsequently dropped. I feel that it is important to point out part F. (Verification) as described in the Instructions for Filing Objections to Water Rights in the Snake River Basin Adjudication:

"Verification. You must sign the Response form in front of a notary. By filing this Response form, you are certifying that the response is well grounded in fact; that it is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and that it is not filed for any improper purpose, such as to harass, cause unnecessary delay or needlessly increase the cost of litigation."

Since this objection was filed with no supporting evidence, and since Mr. Foster is only willing to discuss it if I retain the services of legal counsel, it becomes quite obvious that this objection was filed to harass and to needlessly increase the cost of litigation to myself. I would hope the court would do what ever is necessary to encourage Mr. Foster to abide by their rules. I will be contacting the Idaho State Bar to determine if Mr. Foster's behavior in this case is considered to be ethical by their standards.

As I said before, I have not received an argument from Mr. Foster to refute so I am not sure which pile of overwhelming evidence to attach in support of the validity of my water right recommendations. I don't want to leave the court with empty hands as Mr. Foster has done so I am attaching copies from aerial photos of several years showing that the ground in question has been irrigated with the water right that has been recommended.

Sincerely

Dale Gooby
