Subject: Cancelling amendment

Hi,
Water Right Claim 75-14263 O Jerry and Myrna R. Harris

I wrote a letter in June asking for an amendment to my 8/8/2005 application for water rights from Perreau Creek in Lemhi Country. I talked on the phone with Keith Franklin, senior water resources agent, and found out that I should only do an amendment if I left something out of the first application. Since the acre and 4 hundredths wasn't previously watered, I understand that I would need to do a separate filing for that. Therefore, I will leave the application as prepared in August of 2005.

Thank you, Myrna R. Harris. 4649 Nounan Rd, Montpelier, Idaho 83254. Phone 208 -847- 0104, work phone 208-945-2113

Thanks,
Myrna Harris
