To Whom it May Concern:

I am writing with concern for water rights.

Name of Claimant - O. Jerry and Myrna R. Harris

Cell phone: 208-221-2368

Date of Priority: May, 20, 1898

Water Source: Perreau Creek -Tributary to Salmon River

Location: Township 20N Range 21E Section 2

1/4NE 1/4of NW

Filed Claim in the Salmon Office: August 8, 2005

I have left messages for Robert Foster, but have not received a call back as of yet. Since he lost my water right adjudication claim and your office called me in April to see if I had filed, I finally decided to drop you a letter of my concern.

In the claim I asked for 5 acres of water rights. I since have found out that on our taxes for the past 30 years or so, we have been assessed for 6.040 of irrigated ag. This year they changed the assessment to read: 5.204 AC irrigated ag and .836 AC dry and rural homesite 1 AC.

If possible, I would like to claim the whole 6.040 acres because we have pipeline to sprinkle the dry hillside area. I also want to keep the acre of irrigated home well water that we currently have a right to.

Please write or call and let me know how matters are progressing. I have not heard since your office called me early this current year and I sent copies of the claim I filed in Robert Foster's office last August 8, 2005.

Thank you,

Myrna R Harris
