Ernie,

Mr. Jim Bauer has contacted both Dave T and me about a concern he has with his late claim. He filed a late claim for 34-00832A and the court granted his claim in 1996. However he recently discover through IDWR that this water right was recommended to two other people under right numbers 34-10744 and 10908. He claims that Metcalf, the owner of 34-10744, had no intent of claiming any portion of 34-00832 and will state such. He has not contacted Mr. Freeman the owner of 34-10908.

I have told him that we will begin our investigation this summer. However he is distressed over what to do about these two other rights that have 34-0832 included in their recommendation. As he has contacted us so many times now I feel that IDWR needs to give him some type of feed back. Carter has speculated that perhaps there was some mistakes in the district records or that the other rights did not include the correct numbers. He suggested that we ask Mr. Bauer to get the irrigation district records to show the amount and priority date for that water used on his land and a reference to the number that the district applied for the decree. Could you or someone in your office who may be assigned to do the field investigation give him a call to address some of his initial concerns and perhaps ask him to help us start the investigation by getting this record for us??? His number is 588-3037.

Let me know if this is okay or if I should call him back.

Thanks -- Susan

May 3, 1999 - Telephoned both Mr. Bauer & Big Lost River Irrigation District. Explained to Mr. Bauer that his late claim is still on file & will be investigated this summer. Notified Linda at B.L.R.I.D. that Mr. Bauer's claim is currently awaiting an IDWR recommendation to the SRBA Court.

Note: With this claim all of 34-00832 will have been claimed.
