Subject: Question about Max Hall- Bruderer Ownership Changes (29-13580 et al)

Hi. Nate finished the comments on these splits (7 parents, 14 children) and he said I needed to do an NCAP for the splits. However, when I check the court data base, I see the parents were partially decreed in 2005 and 2006. There was a motion to amend the partial decree in 2007 but as far as I can tell it was dismissed on 12-17-2007. So, what do I do? The most current record is the recommendation, so I believe the parents and children need to be moved over to the allocations side. Is this correct? Thanks

Parents:

29-13580	partially decreed 1-6-2006 (children 29-13741, 29-13742)
29-13587	pd 7-29-2005 (children 29-13743, 29-13744)
29-13593	pd 7-29-2005 (children 29-13745, 29-13746)
29-13599	pd 7-29-2005 (children 29-13749, 29-13750)
29-13605	pd 7-29-2005 (children 29-13747, 29-13748)
29-13611	pd 7-29-2005 (children 29-13751, 29-13752)
29-13617	pd 8-30-2005 (children 29-13753, 29-13754)

NO NCAP

Please note: one set of children are out of order

- notify Pam of intent to move parent & children.
- children have been updated in recommendation side
 put parents & were partially decreed.
- arc view for children is complete.

~~look for c/o in Basin 34. involving Urush~~

Jennifer - There should be done. Pam will hopefully finish moving 29-13741 & 29-13742 on Tuesday.

Ernie.
