

There are some typos in the claimant's SF-4 (amended claim):

- The new POD described as NESW, S24, T21N, R23E should be NESESW, S24.
- The POUs described as NWNW, SWNW, S26, T21N, R23E should be described in S25.
- The SF-4 fails to describe recommended POUs in NENW, S25, SENE, S26, T21N, R23E and probably should.
- The claimant owns 5 acres within the SENW, S25, T21N, R23E and it appears there is irrigation activity.
