EXPLANATORY MATERIAL: BASIS OF CLAIM - License

The dairy operation authorized under this approval shall comply with applicable county zoning and use ordinances.

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.

The right holder shall accomplish the change authorized by transfer 5509 within one (1) year of the date of the approval.

Use of water under this approval shall comply with applicable water quality standards of the Division of Environmental Quality of the Idaho Department of Health and Welfare.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

After specific notification by the department, the right holder shall measure the diversion or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.

The water used for commercial purposes under this approval is applied to and irrigates land listed in the place of use to satisfy water quality requirements. Water shall not irrigate growing plants unless the water is first beneficially used in the dairy as authorized by these water rights.

Commercial use is for a dairy located within NWSW, S26, T10S, R14E.

Two (2) points of diversion are located within NWSW, S26, T10S, R14E.

Right 47-14200 may also be diverted from the points of diversion described above.

Failure of the right holder to comply with the conditions of transfer 5509 is cause for the Director to rescind approval of the transfer.
