OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

The right holder shall accomplish the change authorized by this transfer within five year(s) of the date of this approval.

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

Return flow discharged to a subsurface system must be authorized by a separate injection well permit.

After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
