Subcase: 37-02103

Case No. 39576

ORDER GRANTING MOTION TO FILE
LATE NOTICE OF CLAIM

On November 14, 2007, Danny and Valerie Van Horn, by and through counsel, J. Evan Robertson, filed a *Motion to File Late Notice of Claim* for the above-captioned water right. Hearing was held on the *Motion* on February 19, 2008. This *Motion* complied with all procedural requirements under *SRBA Administrative Order 1*, and no objections were made to this late Notice of Claim.

THEREFORE, IT IS ORDERED, that the *Motion to File a Late Notice of Claim* for the above-captioned water right is **granted**.

The original Notice of Claim, as well as any attached filing fees, and a copy of this **Order** will be forwarded to the Idaho Department of Water Resources for further action. Following investigation by the Idaho Department of Water Resources, recommendation for the claim will be reported in the next *Late Claims Director's Report* which is issued on an annual basis. This modifies the provisions of *SRBA Administrative Order 1* 4d(2)(h).

IT IS SO ORDERED.

Dated February 26, 2008.

JOHN M. MELANSON
Presiding Judge
Snake River Basin Adjudication

CERTIFICATE OF MAILING

I certify that a true and correct copy of the ORDER GRANTING MOTION TO FILE LATE NOTICE OF CLAIM was mailed on February 26, 2008, with sufficient first-class postage to the following:

**STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

Water Right No.(s)	Adjudication Claim No.(s)	Split	Water Right No.(s)	Adjudication Claim No. (s)	Split
37-2103		☐			☐
		☐			☐
		☐			☐
		☐			☐
		☐			☐

2. The following REQUIRED information must be submitted with this form:
- A. The appropriate FILING FEE. See instructions for fee amounts.
 - B. A copy of the most recent DEED, TITLE POLICY, CONTRACT OF SALE or other legal document indicating your ownership of the property and water right(s) in question, WITH ATTACHED LEGAL DESCRIPTION.
 - C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions): PLAT OF PROPERTY or SURVEY MAP clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).

OR

If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency AERIAL PHOTO with the irrigated acres outlined and point(s) of diversion clearly marked. The AERIAL PHOTO should be submitted in place of the PLAT PROPERTY or SURVEY MAP.

3. Name and Address of Former Owner/Claimant(s): HUGH MC MAHAN
CORRAL ID 83322
4. New Owner/Claimant(s): DANNY & VALERIE VANHORN
New Mailing Address: PO BOX 345
City, State, Zip Code: FAIRFIELD, ID. 83327-0345
New Telephone Number: (208) 764-2139
5. Date you acquired the property: AUGUST 31 2005

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in Item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.

DESCRIPTION OF YOUR PORTION OF WATER RIGHT

STATE OF IDAHO

Water License No. 3407.

WHEREAS, On the 5th day of February, A.D.1908, HUGH McMAHAN of Corral, County of Blaine and State of Idaho, duly made application (No.4804) to me for a permit to use 6.3 cubic feet per second of the waters of West Fork of Three Mile Creek & two springs, County of Blaine, State of Idaho, for irrigation and domestic purposes; and

WHEREAS, On the 8th day of February, A.D.1908, Permit No.3407, was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 8th day of August, A.D.1908, and for the application to beneficial use of said water on or before the 8th day of August, A.D.1908, and,

WHEREAS, On the 7th day of March, A.D.1908, the holder of said permit duly made proof of the completion of adequate works for the diversion of 6.3 cubic feet per second of said waters, as evidenced by my Certificate No.3407, dated March 13, 1908, confirming the completion of works of works sufficient capacity for diverting and conveying to the place of intended use 6.3 cubic feet per second of water, with date of priority of February 5, 1908, and,

WHEREAS, On the 7th day of March, A.D.1908, proof was duly made of the application to beneficial use of 6.3 cubic feet per second of said water;

NOW, THEREFORE, by virtue of the authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to HUGH McMAHAN of Corral, Idaho, the holder and owner of said Permit No. 3407, a perpetual right, dating from February 5, 1908, to the use of 6.3 cubic feet per second of the waters of West Fork Three Mile creek & two springs, in the County of Blaine and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point on West Fork Three Mile Creek in NW4 SE4 Section 15; from Spring No.1 in SW4 SE4 Section 15 and from Spring No.2 in NE4 SE4 Section 21, Township 1 North, Range 13 E.B.M. and conducted to and upon (160 acres in the NW4; 80 acres in NE4 SW4; 40 acres in SE4 SW4 Section 22; 40 acres in NE4 NE4 Section 21, Township 1 North, Range 13 East of Boise Meridian, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply. canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this
 thirteenth day of March, A.D. Nineteen Hundred and eight.

APPENDIX TO FORM CRP-1, CONSERVATION RESERVE PROGRAM CONTRACT

1 DEFINITIONS

The following definitions are applicable to the Conservation Reserve Program (CRP) Contract:

- A CRP contract or CRP-1 means the program documents including the applicable contract appendix, conservation plan and the terms of any required easement, if applicable, entered into between CCC and the participant. Such contract shall set forth the terms and conditions for participation in the CRP and receipt of CRP payments.
- B Current agricultural market value for offer evaluation purposes means the amount in dollars per acre, determined by CCC to be the adjusted price at which the land placed in the CRP could be rented based on the average cash rental rate, or equivalent, per acre, paid for dryland cropland at the time at which this contract is signed by the participant.
- C Vegetative cover means perennial or permanent grasses, legumes, forbs, and shrubs with a life span of 10 years or more, or trees.
- D All other words and phrases, unless the context of subject matter otherwise requires, shall have the meanings assigned to them in the regulations governing the Conservation Reserve Program which are found at 7 CFR Part 1410.

2 ELIGIBILITY REQUIREMENTS FOR CONSERVATION RESERVE PROGRAM

- A By signing the CRP contract, the participant, except in the case of persons qualifying solely as a tenant, certifies that such participant will control the land subject to the contract for the contract period and, if applicable, the easement period and shall, upon demand, provide evidence to CCC demonstrating that such participant will control the land for that period.
- B Land otherwise eligible for the CRP shall not be eligible, except as agreed otherwise, in writing, by CCC, if the land is subject to a deed or other restriction prohibiting the production of agricultural commodities or where a benefit has or will be obtained from a Federal agency in return for the participant's agreement not to produce such commodities on the land during the same time as the land would be enrolled in the CRP. By applying for the CRP contract, the participant certifies as a condition for payment that no such restrictions apply to such land, except as agreed otherwise, in writing, by CCC.

3 RESTRICTIONS ON PAYMENTS TO FOREIGN PERSONS

- A Any person who enters into this CRP contract or participates in such contract at any time who is not a citizen of the United States or an alien lawfully admitted into the United States for permanent residence under the Immigration and Nationality Act (8 U.S.C. 1101 et. seq.) shall be ineligible to receive annual rental payments under this contract unless such person meets the requirements of 7 CFR Part 1400 which shall be applicable to this contract.

- B Persons succeeding to a CRP contract subject to a reduction in payment under this paragraph 3 for any preceding party shall not be eligible for payments during the contract period greater than those that could have been received by such preceding party.

4 AGREEMENT

- A The participant agrees:

- (1) That the applicable CRP-1 and its addenda shall be considered an offer to enter into the Conservation Reserve Program on the terms specified on Form CRP-1 and its addenda. The offer, until revoked, may be accepted by CCC provided further, that, liquidated damages may apply in the case of a revocation as specified elsewhere in this Appendix;
- (2) To place eligible cropland into the CRP for a period of 10 crop years, or as agreed to by CCC for a longer period not to exceed 15 crop years, from the effective date of the CRP contract executed by CCC;
- (3) To comply with the terms and conditions of the Conservation Plan;
- (4) To establish, maintain, and replace, as specified in the CRP contract, the practices agreed to in the Conservation Plan;
- (5) Not to harvest or sell, nor otherwise make commercial use of trees or forage or other cover on the CRP land including the shearing or shaping of trees for future use as Christmas trees (the participants may conduct pruning, thinning, stand improvement, or other activities consistent with customary forestry practices on land that is planted to trees); provided further, however, that CCC may, in its discretion and only in writing or by publication intended for a general allowance for CRP lands in particular States or regions, permit, in certain emergencies, certain commercial uses, as specified by CCC, which may be conditioned on a reduction in CRP payments otherwise payable under this contract;
- (6) Not to undertake any action on land under the participant's control which tends to defeat the purposes of this CRP contract, as determined by CCC;
- (7) To annually certify crop and land use for the farm with the COC on the appropriate form, accurately listing all land enrolled in CRP on the farm, not later than the final reporting date determined and announced by the Farm Service Agency, or successor agency;
- (8) To control on land subject to a CRP contract all weeds, insects, pests and other undesirable species to the extent necessary to ensure that the establishment and maintenance of the approved cover is adequately protected and to provide such maintenance as necessary to avoid an adverse impact on surrounding land taking into consideration water quality, wildlife and other factors;
- (9) Not to disturb the acreage under contract during the primary nesting season for wildlife, except as approved by CCC;
- (10) To annually file required forms requested by CCC for payment limitation determinations;
- (11) During the life of the CRP-1, to not produce an agricultural commodity on highly erodible land, in a county which has not met or exceeded the acreage limitation requirement of 7 CFR Part 1410, which the participant has acquired or may acquire on or after November 28, 1990, unless such land, as determined by CCC, has a history in the most recent 5-year period of producing an agricultural commodity other than forage crops; and

- (12) Any payment or portion thereof due any producer will be made by CCC without regard to any question of title under State law, and without regard to any claim or lien which may be asserted by a creditor, except agencies of the U.S. Government. Offsets for debts owed to agencies of the U.S. Government shall be made prior to making any payments to producers or their assigns.

B CCC agrees, subject to the availability of funds, to:

- (1) Share the cost with owners and operators of establishing an eligible practice, or an identified unit thereof, agreed to in the Conservation Plan, except that, in no case may the share of CCC exceed an amount equal to 50 percent of the price at which the land placed in the CRP could be sold for use as farmland at the time at which this contract is signed by the participant, unless the CCC otherwise approves such amount, provided further, that such approval must specifically reference the particular land placed in the CRP under this contract;
- (2) Pay the agreed-upon annual rental payment, including any incentive payment, based upon the shares to which the parties have agreed as set forth on Form CRP-1 for a period of years not in excess of the contract period;
- (3) Pay to the participant, to the extent required by CCC regulations, an interest penalty on cost-share payments, incentive payments, and all annual rental payments not made by the date, as determined by CCC, the payment is due;
- (4) At the time of contract expiration or termination, reinstate the allotment or quota, required to be reduced for participation in the CRP, subject to the regulations governing Federal farm programs except that in no case may such reinstated allotments or quotas exceed the amount that would have been applicable had there been no CRP contract;
- (5) Make annual rental payments after October 1 of each year of the contract period.

5 CONSERVATION PLAN

A Subject to the approval of CCC, the Conservation Plan will include some or all of the following information and requirements:

- (1) The vegetative or water cover to be established on the CRP land;
- (2) A tree planting plan, developed in cooperation with the Forest Service, if trees are to be established as the vegetative cover on the CRP land;
- (3) A schedule of completion dates for establishment of the cover on the CRP land;
- (4) The level of environmental benefits which must be attained on the CRP land;
- (5) Any other practices required for the establishment or maintenance of the cover on the CRP land including weed, insect, pest, and other controls of undesirable species, and such maintenance as necessary to avoid an adverse impact on surrounding land as determined appropriate by CCC, taking into consideration the needs of water quality, wildlife concerns, and other factors.
- (6) The acreage will not be disturbed during the primary nesting season for wildlife as determined by CCC.

B By signing the Conservation Plan, the participant agrees to implement the practices specified in such Conservation Plan on the CRP land even if such practices differ from those listed in item 12 of Form CRP-1.

6 COST-SHARE PAYMENTS

- A Subject to the availability of funds, cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the conservation plan and with appropriate standards and specifications.
- B CCC will not make cost-share payments in excess of 50 percent of the actual or average cost of establishing the eligible practice specified in the Conservation Plan as determined by CCC. It is understood that all cost-shares from all sources must be reported to CCC and that a reduction in the CCC cost-share may be made if there are other cost-shares received. Such reductions will be made to the extent required or allowed by the program regulations.
- C Except as otherwise provided for in program regulations, cost-share assistance may be made available under the CRP only for the establishment or installation of an eligible practice. In order to receive cost-share assistance, the participant, upon completion of the practice, must file Form AD-245 or similar form approved by CCC, for approval by CCC, with the county committee.

7 PROVISIONS RELATING TO TENANTS AND LANDLORDS

- A Payments shall not be paid under this CRP contract if CCC determines that:
 - (1) The landlord or operator has:
 - (a) when the acreage offered is not enrolled in the CRP at the time of signup:
 - (i) not provided tenants who have an interest in the acreage being offered at the time of signup an opportunity to participate in the benefits of the program;
 - (ii) reduced the number of tenants on the farm as a result of or in anticipation of enrollment in the CRP.
 - (b) when the acreage offered is enrolled in the CRP at the time of signup, not provided tenants with an interest in the CRP contract acreage an opportunity to participate in the benefits of the program if:
 - (i) the tenants are otherwise involved in farming other acreage, as determined by CCC, on the farm at the time of signup; or
 - (ii) the tenants have an interest in the acreage being offered on the effective date of the new CRP-1.
 - (2) The landlord or operator has deprived any tenant of any benefits to which such tenant would otherwise be entitled.
 - (3) If any such conditions as identified in (1) and (2) occur or are discovered after payments have been made, all or any part of the payments, as determined by CCC, must be refunded with interest and no further payments shall be made.
- B After this CRP contract is approved, the operator or tenant may, if approved by CCC, be replaced for purposes of the CRP contract and for payments to be made under the contract if such tenant or operator, as determined by CCC:
 - (1) leaves the farm voluntarily or for some reason other than being forced off the farm by the landlord or operator in anticipation of, or because of, participation in the program;

- (2) fails to maintain the tenancy, as determined by CCC, throughout the CRP contract period;
 - (3) files for bankruptcy and the trustee or debtor in possession fails to affirm this CRP contract;
 - (4) dies during the term of this CRP contract and the administrator of the tenant's estate (or a similar person with authority to administer the affairs of the tenant) fails to succeed to this contract within the time required by CCC;
 - (5) was removed for cause, as determined by CCC.
- C The removal of an operator or tenant from the agreement shall not release the tenant from liabilities for actions arising before such removal.

8 ERRONEOUS REPRESENTATION AND SCHEME AND DEVICE

- A A participant who is determined to have erroneously represented any fact affecting a determination with respect to this CRP contract and the regulations applicable to this CRP contract, adopted any scheme or device which tends to defeat the purposes of this CRP contract, or made any fraudulent representation with respect to this contract will not be entitled to payments or any other benefits made in accordance with this CRP contract and the participant must refund to CCC all payments received by such participant, plus interest and liquidated damages thereon, with respect to the CRP contract. Such liquidated damages will be determined in accordance with paragraph 9 of this Appendix.
- B Unless CCC regulations provide otherwise, refunds determined to be due and owing to CCC in accordance with this CRP contract will bear interest at the rate which CCC was required to pay for its borrows from the United States Treasury on the date of the disbursement by CCC of the monies to be refunded. Interest will accrue from the date of such disbursement by CCC.
- C The remedies provided under paragraph 8A of this Appendix shall be applicable in addition to any remedies under criminal and civil fraud statutes, including 18 U.S.C. 268, 287, 371, 641, 1001; 15 U.S.C. 714m; and 31 U.S.C. 3729, or any other remedy available under law.

9 LIQUIDATED DAMAGES

It is mutually agreed that in the event the CRP contract is breached by the participant, the CCC will suffer substantial damages which may not be possible to quantify with certainty. Therefore, in addition to the refund of payments received plus interest due, for breach of contract as prescribed in this contract, the participant agrees to pay an amount equal to the product obtained by multiplying: (1) 25 percent of the rental payment rate per acre on Form CRP-1 by, (2) the number of acres that are the subject of the CRP contract. Such amount shall be due as liquidated damages in addition to such other damages or amounts as may be due, and not as a penalty.

10 NOTIFICATION OF CHANGES TO TERMS AND CONDITIONS OF THE CONTRACT

CCC agrees that, if any changes of any terms and conditions of this CRP contract, including changes necessary to reconcile the practices listed on the CRP-1 to those specified in the conservation plan, become necessary prior to the date that this contract is approved on behalf of CCC, CCC will notify the persons signing the CRP-1 of such change and such person will be given 10 days from the date of notification in which to agree to the revised terms and conditions or to withdraw from the offer. The participant agrees to notify the CCC of an intention to withdraw from the offer within 10 days from the date of the issuance of such notice and further agrees that failure to notify the CCC will constitute agreement to the revised terms and conditions.

11 CORRECTIONS

CCC reserves the right to correct all errors in entering data or the results of computations in the CRP contract.

12 TERMINATION OF CONTRACT; JOINT LIABILITY

If a participant fails to carry out the terms and conditions of this CRP contract but CCC determines that such failure does not warrant termination of this CRP contract, CCC may require such participant to refund, with interest, payments received under this CRP contract, or require the participant to accept such adjustments in the subsequent payment as are determined to be appropriate by CCC. Participants that sign the CRP-1 with zero percent interest in the annual rental payment shall not be held responsible for contract compliance.

13 CONTRACT MODIFICATIONS

A CCC may modify this CRP contract to add, or substitute certain practices when:

- (1) The installed practice failed to adequately control erosion through no fault of the participants;
- (2) The installed measure has deteriorated because of conditions beyond the control of the participants;
and
- (3) Another practice will achieve at least the same level of environmental benefits.

B Concurrence of NRCS and the conservation district may be obtained by CCC when modifications to this contract involve a technical aspect of a participant's Conservation Plan.

14 EFFECTIVE DATE AND CHANGES TO CONTRACT

The CRP contract is effective when, as determined by CCC, it has been signed by the participants, and an authorized representative of CCC. Except as otherwise determined by CCC, as permitted by regulations or other law, the CRP contract may not be revoked or revised except by mutual agreement between the parties. Within the dates established by CCC, the CRP contract must be signed by all required participants.

In the event that a statute is enacted during the period of this CRP contract which would materially change the terms and conditions of this CRP contract, the CCC may require the participants to elect between acceptance of modifications in this CRP contract consistent with the provisions of such statute or termination of this CRP contract.

15 REGULATIONS TO PREVAIL

The regulations in 7 CFR Part 1410 for the CRP are incorporated herein. In the event of a conflict between these regulations and the terms of this Appendix, the provisions of the regulations will prevail.

This program or activity will be conducted on a nondiscriminatory basis without regard to race, color, religion, natural origin, age, sex, marital status, sexual orientation, or disability.

SUMMARY	PROGRAM	CONTRACT NO.	TOTAL	1997	1998	1999	2000	2001	2002	2003	2004	2005	2006
---------	---------	--------------	-------	------	------	------	------	------	------	------	------	------	------

- YES: A. All items numbered under "ITEM NO." must be carried out as part of this contract to prevent violation.
B. When established, the conservation practices listed as "PLANNED CONSERVATION TREATMENT" must be maintained by the participant at no cost to the government.
C. Enter total cost per unit under "COST/UNIT" unless the method of cost-share is flat rate. When flat rate, enter the amount per unit to be paid to the participant.
D. All cost share rates shown under "COST SHARE %" are based on average cost (AC) with the following exceptions:
AA = Actual costs not to exceed average cost
FR = Flat rate
NC = Non cost-shared
AM = Actual cost not to exceed a specified maximum
E. Total cost share by calendar year amounts may differ from those displayed in the SUMMARY section by fiscal year depending on what month the item is scheduled and on the fiscal year basis of the program.

Subject: Seeding Schedule Update for 1998 CRP Contracts

Dear CRP participant:

Due to high seed prices and seed shortages, field work requirements particular to the recent CRP sign-ups, and the late spring conditions, seedings of 1998 CRP contracts will be postponed until spring 1999. Wetland fields may, however, need to be seeded this fall (1998) due to the wet soil conditions that may unfavorably delay spring 1999 seedings.

If your CRP contract requires a seeding practice, myself and Terry Gregory (Idaho Fish & Game) will be scheduling a field visit with you in the coming weeks to develop with your input the seed plan and the locations within fields where the seedings will occur.

At that time weed control and site preparation issues will be evaluated on a field-by-field basis. If you have weed or other concerns that you feel require immediate attention, please call and I will schedule a field visit as soon as possible.

Holders of 1999 CRP contracts, which become effective October 1 of 1998, will be scheduled for field visits for seed plan development this fall or earlier if fields are not cropped this summer.

If you have any questions, please contact me at 1-800-642-1058 or 934-8481.

cc: Steve Thompson, NRCS District Conservationist, Gooding
Terry Gregory, IDF&G Hill City
Harold Boggs, Jr., FSA County Executive Director, Gooding

STATUS REVIEW
Final Status Review

This information is used in both the development and implementation of a Conservation, Reclamation or Water Quality plan as the basis for technical assistance and/or cost sharing. The authorities for such work are: 16 USC 590a-f (Soil Conservation); 16 USC 1301-1311 (Water Bank); 16 USC 590p(b) (Great Plains); 30 USC 1236 et seq. (Rural Abandoned Mines); 33 USC 1288 et seq. (Rural Clean Water); 43 USC 1592(c) (Colorado River Basin Salinity Control); 16 USC 3831 (Conservation Reserve). Furnishing information is voluntary and will be confidential; however, it is necessary in order to receive assistance.

County Camas Date 5/20/03 Contract or Agreement No. (CRP) 109

Name John Moline Address P.O. Box 222, Gooding, ID 83330-0222

Final status review based on field review 11/6/02 by Bob Josaitis; Contract period 10/1/97 to 9/30/2007

Progress in applying plan:

Fields 3: 3a: light-moderate tall w.g.; Fields 4,5, 6, 10a: strong w.g., sage encroaching; Field 11: light-moderate tall w.g.; Field 14: good wheatgrass with sagebrush; Field 16, 16a: light-moderate stand of mature tall w.g. evident in drill rows, gone to seed, may spread; Field 22: tall w.g. throughout but light; Field 24, 24a: light-moderate tall wheatgrass.

All fields have small annual weeds, Madia (tarweed), and bulbous bluegrass in varying amounts. Noxious weeds are under control. Field 22 has significant morning glory, which will be suppressed with further grass establishment. Given a good precipitation year (which hasn't happened since fall 1998 re-seeding efforts) these fields should continue to establish to CRP grasses and native wetland species already present as seed in soil.

After construction the pond dike was covered with Canada thistle. Treated, now it is gone and grass well established on dike.

Revision of plan or modification of contract needed:

None. Recommend contract be turned over to Farm Service Agency as established.

Need for technical assistance:

Assess Field 22 morningglory in relation to tall w.g. and other plant establishment following this favorable 2003 spring season.

IMPORTANT: CRP contract holder(s) are responsible for noxious weed control as per Idaho Statute Title 22 Chapter 24 Noxious Weed Law. Control is containment of noxious weeds so they will not spread. Key Camas Prairie CRP control concerns are with Canada thistle seeds spread by wind to adjacent fields, knapweed along CRP borders and travelways spread by vehicles and animals, and the need to eradicate all leafy spurge and rush skeletonweed plants. Competition from established CRP grasses may suffice as control for some noxious weed plants during contract period. Contact the Camas Creek Cooperative Weed Management Area Administrator for technical assistance as necessary.

Land is still under control of the participant: ☒ Yes ☐ No

FROM (M/D/Y) TO (M/D/Y)
10-1-98 9-30-08

THIS CONTRACT is entered into between the Commodity Credit Corporation (referred to as "CCC") and the undersigned owners, operators, or tenants (who may be referred to as "Owner", "Operator", and "Tenant", respectively) on the farm identified above. The undersigned person or persons may hereafter collectively be referred to as "the Participant." The Participant agrees to place the designated acreage into the Conservation Reserve Program ("CRP") for the stipulated contract period from the date the Contract is executed by the CCC or other use set by CCC. The Participant also agrees to implement on such designated acreage the Conservation Plan developed for such acreage and approved by the CCC and the Participant. Additionally, the Participant and CCC agree to comply with the terms and conditions contained in this Contract including the Appendix to this Contract, entitled Appendix to CRP-1, Conservation Reserve Program Contract (referred to as "Appendix"). By signing below, the Participant acknowledges that a copy of the Appendix for the applicable sign-up period has been provided to such person. Such person also agrees to pay such liquidated damages in an amount specified in the Appendix if the Participant withdraws prior to CCC acceptance or rejection. The terms and conditions of this contract are contained in this Form CRP-1 and in the CRP-1 Appendix and any addendum thereto. BY SIGNING THIS CONTRACT PRODUCERS ACKNOWLEDGE RECEIPT OF THE FOLLOWING FORMS: CRP-1; CRP-1 Appendix and any addendum thereto; CRP-2; and if applicable, CRP-15 and CRP-1 Continuation.

10. OFFER FOR PERMISSION TO ALLEY CROP

In order to participate in CRP under CP19, Alley Cropping, I/we submit an offer of \$ _____ per acre reduction, from the amount specified in item 11A, in the annual rental payments for permission to produce agricultural commodities on eligible acres in accordance with the provisions for alley cropping set out in the applicable regulations. I/we understand that for each year of the CRP contract the annual rental payment will be reduced by the amount agreed to above, which reduction must be a reduction of at least 50 percent in the annual rental payment.

NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a) and the Paperwork Reduction Act of 1995, as amended. The authority for requesting the following information is the Food Security Act of 1985, (Pub. L. 99-198), as amended, and regulations promulgated at 7 CFR PART 1410 and the Internal Revenue Code (26 USC 6109). The information requested is necessary for CCC to consider and process the offer to enter into a Conservation Reserve Program Contract, to assist in determining eligibility, and to determine the correct parties to the contract. Furnishing the requested information is voluntary. Failure to furnish the requested information will result in determination of ineligibility for certain program benefits and other financial assistance administered by USDA agency. This information may be provided to other agencies, IRS, Department of Justice, or other State and Federal Law enforcement agencies, and in response to a court magistrate or administrative tribunal. The provisions of criminal and civil fraud statutes, including 18 USC 286, 287, 371, 651, 1001; 15 USC 714m; and 31 USC 3729, may be applicable to the information provided.

Federal Agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Public reporting burden for this collection of information is estimated to average 4 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Department of Agriculture, Clearance Officer, OIRM, (OMB No. 0560-0125), STOP 7630, Washington, D.C. 20250-7630. RETURN THIS COMPLETED FORM TO YOUR COUNTY FSA OFFICE.

This program or activity will be conducted on a nondiscriminatory basis without regard to race, color, religion, national origin, age, sex, marital status, or disability.

ORIGINAL - COUNTY OFFICE COPY

U. S. DEPARTMENT OF AGRICULTURE
Commodity Credit Corporation

APPENDIX TO FORM CRP-1, CONSERVATION RESERVE PROGRAM CONTRACT

1 DEFINITIONS

The following definitions are applicable to the Conservation Reserve Program (CRP) Contract:

- A CRP contract or CRP-1 means the program documents including the applicable contract appendix, conservation plan and the terms of any required easement, if applicable, entered into between CCC and the participant. Such contract shall set forth the terms and conditions for participation in the CRP and receipt of CRP payments.
- B Current agricultural market value for offer evaluation purposes means the amount in dollars per acre, determined by CCC to be the adjusted price at which the land placed in the CRP could be rented based on the average cash rental rate, or equivalent, per acre, paid for dryland cropland at the time at which this contract is signed by the participant.
- C Vegetative cover means perennial or permanent grasses, legumes, forbs, and shrubs with a life span of 10 years or more, or trees.
- D All other words and phrases, unless the context of subject matter otherwise requires, shall have the meanings assigned to them in the regulations governing the Conservation Reserve Program which are found at 7 CFR Part 1410.

2 ELIGIBILITY REQUIREMENTS FOR CONSERVATION RESERVE PROGRAM

- A By signing the CRP contract, the participant, except in the case of persons qualifying solely as a tenant, certifies that such participant will control the land subject to the contract for the contract period and, if applicable, the easement period and shall, upon demand, provide evidence to CCC demonstrating that such participant will control the land for that period.
- B Land otherwise eligible for the CRP shall not be eligible, except as agreed otherwise, in writing, by CCC, if the land is subject to a deed or other restriction prohibiting the production of agricultural commodities or where a benefit has or will be obtained from a Federal agency in return for the participant's agreement not to produce such commodities on the land during the same time as the land would be enrolled in the CRP. By applying for the CRP contract, the participant certifies as a condition for payment that no such restrictions apply to such land, except as agreed otherwise, in writing, by CCC.

3 RESTRICTIONS ON PAYMENTS TO FOREIGN PERSONS

- A Any person who enters into this CRP contract or participates in such contract at any time who is not a citizen of the United States or an alien lawfully admitted into the United States for permanent residence under the Immigration and Nationality Act (8 U.S.C. 1101 et. seq.) shall be ineligible to receive annual rental payments under this contract unless such person meets the requirements of 7 CFR Part 1400 which shall be applicable to this contract.

- B Persons succeeding to a CRP contract subject to a reduction in payment under this paragraph 3 for any preceding party shall not be eligible for payments during the contract period greater than those that could have been received by such preceding party.

4 **AGREEMENT**

- A The participant agrees:

- (1) That the applicable CRP-1 and its addenda shall be considered an offer to enter into the Conservation Reserve Program on the terms specified on Form CRP-1 and its addenda. The offer, until revoked, may be accepted by CCC provided further, that, liquidated damages may apply in the case of a revocation as specified elsewhere in this Appendix;
- (2) To place eligible cropland into the CRP for a period of 10 crop years, or as agreed to by CCC for a longer period not to exceed 15 crop years, from the effective date of the CRP contract executed by CCC;
- (3) To comply with the terms and conditions of the Conservation Plan;
- (4) To establish, maintain, and replace, as specified in the CRP contract, the practices agreed to in the Conservation Plan;
- (5) Not to harvest or sell, nor otherwise make commercial use of trees or forage or other cover on the CRP land including the shearing or shaping of trees for future use as Christmas trees (the participants may conduct pruning, thinning, stand improvement, or other activities consistent with customary forestry practices on land that is planted to trees); provided further, however, that CCC may, in its discretion and only in writing or by publication intended for a general allowance for CRP lands in particular States or regions, permit, in certain emergencies, certain commercial uses, as specified by CCC, which may be conditioned on a reduction in CRP payments otherwise payable under this contract;
- (6) Not to undertake any action on land under the participant's control which tends to defeat the purposes of this CRP contract, as determined by CCC;
- (7) To annually certify crop and land use for the farm with the COC on the appropriate form, accurately listing all land enrolled in CRP on the farm, not later than the final reporting date determined and announced by the Farm Service Agency, or successor agency;
- (8) To control on land subject to a CRP contract all weeds, insects, pests and other undesirable species to the extent necessary to ensure that the establishment and maintenance of the approved cover is adequately protected and to provide such maintenance as necessary to avoid an adverse impact on surrounding land taking into consideration water quality, wildlife and other factors;
- (9) Not to disturb the acreage under contract during the primary nesting season for wildlife, except as approved by CCC;
- (10) To annually file required forms requested by CCC for payment limitation determinations;
- (11) During the life of the CRP-1, to not produce an agricultural commodity on highly erodible land, in a county which has not met or exceeded the acreage limitation requirement of 7 CFR Part 1410, which the participant has acquired or may acquire on or after November 28, 1990, unless such land, as determined by CCC, has a history in the most recent 5-year period of producing an agricultural commodity other than forage crops; and

- (12) Any payment or portion thereof due any producer will be made by CCC without regard to any question of title under State law, and without regard to any claim or lien which may be asserted by a creditor, except agencies of the U.S. Government. Offsets for debts owed to agencies of the U.S. Government shall be made prior to making any payments to producers or their assigns.

B CCC agrees, subject to the availability of funds, to:

- (1) Share the cost with owners and operators of establishing an eligible practice, or an identified unit thereof, agreed to in the Conservation Plan, except that, in no case may the share of CCC exceed an amount equal to 50 percent of the price at which the land placed in the CRP could be sold for use as farmland at the time at which this contract is signed by the participant, unless the CCC otherwise approves such amount, provided further, that such approval must specifically reference the particular land placed in the CRP under this contract;
- (2) Pay the agreed-upon annual rental payment, including any incentive payment, based upon the shares to which the parties have agreed as set forth on Form CRP-1 for a period of years not in excess of the contract period;
- (3) Pay to the participant, to the extent required by CCC regulations, an interest penalty on cost-share payments, incentive payments, and all annual rental payments not made by the date, as determined by CCC, the payment is due;
- (4) At the time of contract expiration or termination, reinstate the allotment or quota, required to be reduced for participation in the CRP, subject to the regulations governing Federal farm programs except that in no case may such reinstated allotments or quotas exceed the amount that would have been applicable had there been no CRP contract;
- (5) Make annual rental payments after October 1 of each year of the contract period.

5 **CONSERVATION PLAN**

A Subject to the approval of CCC, the Conservation Plan will include some or all of the following information and requirements:

- (1) The vegetative or water cover to be established on the CRP land;
- (2) A tree planting plan, developed in cooperation with the Forest Service, if trees are to be established as the vegetative cover on the CRP land;
- (3) A schedule of completion dates for establishment of the cover on the CRP land;
- (4) The level of environmental benefits which must be attained on the CRP land;
- (5) Any other practices required for the establishment or maintenance of the cover on the CRP land including weed, insect, pest, and other controls of undesirable species, and such maintenance as necessary to avoid an adverse impact on surrounding land as determined appropriate by CCC, taking into consideration the needs of water quality, wildlife concerns, and other factors.
- (6) The acreage will not be disturbed during the primary nesting season for wildlife as determined by CCC.

B By signing the Conservation Plan, the participant agrees to implement the practices specified in such Conservation Plan on the CRP land even if such practices differ from those listed in item 12 of Form CRP-1.

6 COST-SHARE PAYMENTS

- A Subject to the availability of funds, cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the conservation plan and with appropriate standards and specifications.
- B CCC will not make cost-share payments in excess of 50 percent of the actual or average cost of establishing the eligible practice specified in the Conservation Plan as determined by CCC. It is understood that all cost-shares from all sources must be reported to CCC and that a reduction in the CCC cost-share may be made if there are other cost-shares received. Such reductions will be made to the extent required or allowed by the program regulations.
- C Except as otherwise provided for in program regulations, cost-share assistance may be made available under the CRP only for the establishment or installation of an eligible practice. In order to receive cost-share assistance, the participant, upon completion of the practice, must file Form AD-245 or similar form approved by CCC, for approval by CCC, with the county committee.

7 PROVISIONS RELATING TO TENANTS AND LANDLORDS

- A Payments shall not be paid under this CRP contract if CCC determines that:
 - (1) The landlord or operator has:
 - (a) when the acreage offered is not enrolled in the CRP at the time of signup:
 - (i) not provided tenants who have an interest in the acreage being offered at the time of signup an opportunity to participate in the benefits of the program;
 - (ii) reduced the number of tenants on the farm as a result of or in anticipation of enrollment in the CRP.
 - (b) when the acreage offered is enrolled in the CRP at the time of signup, not provided tenants with an interest in the CRP contract acreage an opportunity to participate in the benefits of the program if:
 - (i) the tenants are otherwise involved in farming other acreage, as determined by CCC, on the farm at the time of signup; or
 - (ii) the tenants have an interest in the acreage being offered on the effective date of the new CRP-1.
 - (2) The landlord or operator has deprived any tenant of any benefits to which such tenant would otherwise be entitled.
 - (3) If any such conditions as identified in (1) and (2) occur or are discovered after payments have been made, all or any part of the payments, as determined by CCC, must be refunded with interest and no further payments shall be made.
- B After this CRP contract is approved, the operator or tenant may, if approved by CCC, be replaced for purposes of the CRP contract and for payments to be made under the contract if such tenant or operator, as determined by CCC:
 - (1) leaves the farm voluntarily or for some reason other than being forced off the farm by the landlord or operator in anticipation of, or because of, participation in the program;

- (2) fails to maintain the tenancy, as determined by CCC, throughout the CRP contract period;
 - (3) files for bankruptcy and the trustee or debtor in possession fails to affirm this CRP contract;
 - (4) dies during the term of this CRP contract and the administrator of the tenant's estate (or a similar person with authority to administer the affairs of the tenant) fails to succeed to this contract within the time required by CCC;
 - (5) was removed for cause, as determined by CCC.
- C The removal of an operator or tenant from the agreement shall not release the tenant from liabilities for actions arising before such removal.

8 ERRONEOUS REPRESENTATION AND SCHEME AND DEVICE

- A A participant who is determined to have erroneously represented any fact affecting a determination with respect to this CRP contract and the regulations applicable to this CRP contract, adopted any scheme or device which tends to defeat the purposes of this CRP contract, or made any fraudulent representation with respect to this contract will not be entitled to payments or any other benefits made in accordance with this CRP contract and the participant must refund to CCC all payments received by such participant, plus interest and liquidated damages thereon, with respect to the CRP contract. Such liquidated damages will be determined in accordance with paragraph 9 of this Appendix.
- B Unless CCC regulations provide otherwise, refunds determined to be due and owing to CCC in accordance with this CRP contract will bear interest at the rate which CCC was required to pay for its borrows from the United States Treasury on the date of the disbursement by CCC of the monies to be refunded. Interest will accrue from the date of such disbursement by CCC.
- C The remedies provided under paragraph 8A of this Appendix shall be applicable in addition to any remedies under criminal and civil fraud statutes, including 18 U.S.C. 268, 287, 371, 641, 1001; 15 U.S.C. 714m; and 31 U.S.C. 3729, or any other remedy available under law.

9 LIQUIDATED DAMAGES

It is mutually agreed that in the event the CRP contract is breached by the participant, the CCC will suffer substantial damages which may not be possible to quantify with certainty. Therefore, in addition to the refund of payments received plus interest due, for breach of contract as prescribed in this contract, the participant agrees to pay an amount equal to the product obtained by multiplying: (1) 25 percent of the rental payment rate per acre on Form CRP-1 by, (2) the number of acres that are the subject of the CRP contract. Such amount shall be due as liquidated damages in addition to such other damages or amounts as may be due, and not as a penalty.

10 NOTIFICATION OF CHANGES TO TERMS AND CONDITIONS OF THE CONTRACT

CCC agrees that, if any changes of any terms and conditions of this CRP contract, including changes necessary to reconcile the practices listed on the CRP-1 to those specified in the conservation plan, become necessary prior to the date that this contract is approved on behalf of CCC, CCC will notify the persons signing the CRP-1 of such change and such person will be given 10 days from the date of notification in which to agree to the revised terms and conditions or to withdraw from the offer. The participant agrees to notify the CCC of an intention to withdraw from the offer within 10 days from the date of the issuance of such notice and further agrees that failure to notify the CCC will constitute agreement to the revised terms and conditions.

11 CORRECTIONS

CCC reserves the right to correct all errors in entering data or the results of computations in the CRP contract.

12 TERMINATION OF CONTRACT; JOINT LIABILITY

If a participant fails to carry out the terms and conditions of this CRP contract but CCC determines that such failure does not warrant termination of this CRP contract, CCC may require such participant to refund, with interest, payments received under this CRP contract, or require the participant to accept such adjustments in the subsequent payment as are determined to be appropriate by CCC. Participants that sign the CRP-1 with zero percent interest in the annual rental payment shall not be held responsible for contract compliance.

13 CONTRACT MODIFICATIONS

A CCC may modify this CRP contract to add, or substitute certain practices when:

- (1) The installed practice failed to adequately control erosion through no fault of the participants;
- (2) The installed measure has deteriorated because of conditions beyond the control of the participants;
and
- (3) Another practice will achieve at least the same level of environmental benefits.

B Concurrence of NRCS and the conservation district may be obtained by CCC when modifications to this contract involve a technical aspect of a participant's Conservation Plan.

14 EFFECTIVE DATE AND CHANGES TO CONTRACT

The CRP contract is effective when, as determined by CCC, it has been signed by the participants, and an authorized representative of CCC. Except as otherwise determined by CCC, as permitted by regulations or other law, the CRP contract may not be revoked or revised except by mutual agreement between the parties. Within the dates established by CCC, the CRP contract must be signed by all required participants.

In the event that a statute is enacted during the period of this CRP contract which would materially change the terms and conditions of this CRP contract, the CCC may require the participants to elect between acceptance of modifications in this CRP contract consistent with the provisions of such statute or termination of this CRP contract.

15 REGULATIONS TO PREVAIL

The regulations in 7 CFR Part 1410 for the CRP are incorporated herein. In the event of a conflict between these regulations and the terms of this Appendix, the provisions of the regulations will prevail.

This program or activity will be conducted on a nondiscriminatory basis without regard to race, color, religion, natural origin, age, sex, marital status, sexual orientation, or disability.

STATUS REVIEW
Final Status Review

This information is used in both the development and implementation of a Conservation, Reclamation or Water Quality plan as the basis for technical assistance and/or cost sharing. The authorities for such work are: 16 USC 590a-f (Soil Conservation); 16 USC 1301-1311 (Water Bank); 16 USC 590p(b) (Great Plains); 30 USC 1236 et seq. (Rural Abandoned Mines); 33 USC 1288 et seq. (Rural Clean Water); 43 USC 1592(c) (Colorado River Basin Salinity Control); 16 USC 3831 (Conservation Reserve). Furnishing information is voluntary and will be confidential; however, it is necessary in order to receive assistance.

County Camas Date 5/20/03 Contract or Agreement No. (CRP) 134

Name John Moline Address P.O. Box 222, Gooding, ID 83330-0222

Final status review based on field review 11/6/02 by Bob Josaitis; Contract period 10/1/98 to 9/30/2008

Progress in applying plan:

Field 9: Strong stand of wheatgrass and brome. Weeds under control.

Field 12: Strong stand of wheatgrass and brome, some sagebrush beginning to establish. Weeds under control.

Field 13: Good stand of wheatgrass with lupine. Weeds under control.

Revision of plan or modification of contract needed:

None. Recommend contract be turned over to Farm Service Agency as established.

Need for technical assistance:

None at this time.

IMPORTANT: CRP contract holder(s) are responsible for noxious weed control as per Idaho Statute Title 22 Chapter 24 Noxious Weed Law. Control is containment of noxious weeds so they will not spread. Key Camas Prairie CRP control concerns are with Canada thistle seeds spread by wind to adjacent fields, knapweed along CRP borders and travelways spread by vehicles and animals, and the need to eradicate all leafy spurge and rush skeletonweed plants. Competition from established CRP grasses may suffice as control for some noxious weed plants during contract period. Contact the Camas Creek Cooperative Weed Management Area Administrator for technical assistance as necessary.

Land is still under control of the participant: ☒ Yes ☐ No

CONSERVATION PLAN
SCHEDULE OF OPERATIONS

The following statements are made in accordance with the Privacy Act of 1974 (5 USC 522a). The authorities for requesting the information to be supplied on this form are: 16 USC 590a-f (Soil and Water Conservation); 16 USC 590h(b) (Agriculture Conservation); 16 USC 590p(b) (Great Plains); 30 USC 236 et seq. (Rural Abandoned Mine Reclamation); 33 USC 1288 et seq. (Rural Clean Water); The Food Security Act of 1985, Public Law 99-198, Food, Agriculture, Conservation, and Trade Act of 1990, Public Law 101-624, and Federal Agriculture Improvement and Reform Act of 1996, Public Law 104-127; and the regulations promulgated thereunder. The information requested is necessary for the development and implementation of a conservation, reclamation or water quality plan as the basis for satisfying program eligibility and compliance requirements, and for providing technical assistance and/or cost-sharing under the previously mentioned authorities. Furnishing this information is voluntary however, failure to furnish correct, complete information will result in the withholding or withdrawal of such technical or financial assistance. The information may be furnished to other USDA agencies, the Internal Revenue Service, the Department of Justice, or other State or Federal law enforcement agencies, or in response to order of a court, magistrate, or administrative tribunal.

NOTES: A. All items numbered under "ITEM NO." must be carried out as part of this contract to prevent violation.
B. When established, the conservation practices listed as "PLANNED CONSERVATION TREATMENT" must be maintained by the participant.
C. Enter total cost per unit under "COST BASIS" unless the method of cost-share is flat rate. When flat rate, enter the amount per unit to be paid to the participant.
D. All cost share rates shown under "COST SHARE RATE %" are based on average cost (AC) with the following exceptions:
AA = Actual costs not to exceed average cost
FR = Flat rate
NC = Non cost-shared
AM = Actual cost not to exceed a specified maximum
E. Modifications will be referenced by number in the "Ref. No." column.
F. By signing, the participant acknowledges receipt of this conservation plan including the SCS-LTP-11 or SCS-LTP-11A and agrees to comply with the terms and condition hereof.
