OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Decreed

Failure of the right holder to comply with the conditions of transfer 73910 is cause for the Director to rescind approval of the transfer.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.

The approval of transfer 73910 redefines all of the elements of this water right, and the new use of water authorized by this approval shall constitute the full extent of the right.

This right is a split from former right 22-565 .

Water is delivered through Bell McCracken Ditch.

The right holder shall accomplish the change authorized by transfer 73910 by March 8, 2009.
