Dear Ms Sherman,

We purchased the property noted above from the Hartwell's in January 2002. I spoke to you on the phone in October of 2005 to determine our water rights on this well. You confirmed with me that Mr. Hartwell had obtained a partial decree that was issued 8-18-2000 and that the water rights were transferred to us. Could you send us a copy of the document that shows this transfer so we have it for our records. We have the document that shows the water rights to the spring were transferred, but not the well.

I have enclosed a copy of the partial decree for your use if it is helpful.

Thank you so much

Sincerely

James & Lorna Gleason
